johnson keeps the the steam very hotVon Ein KundeI can read whatever Susan Johnson writes. I like the steamy scenes, the thrill, romance and some of the history. My dream is to become a writer and as an afro-american, I would like to write exactly like her. I started reading books on a daily basis 10 years ago and no one compares to her. Being a single parent, I get a lot of joy out of reading her books. Most people don't like the sex scences but, I enjoy it a lot. We're not living in the period she writes about in her historical novels but sex is real. Those who don't like the sex scences too bad because this is 1999. Keep up the good work Susan, and encourage others to write like you. I have every book you've written and until you publish another one I'll be bored. If you know of other writers that likes to write bold, sexy, steamy romances like you do please let me know. The authors that are listed as writers that write like you don't compare. No offense ladies and gentlemen but, get with the times and make it hot. I only started reading your books in May and it has been a delightful summer having your books around. Apollo is by far the best let, not only does he sleeps with his friend's wife, falls in love with her, then rescues her, has a child by her, and then sacrifices his life for his baby when the its life is in danger! Whew ! Now that is a man!!! Thank you Susan! NDW0 von 1 Kunden fanden die folgende Rezension hilfreich.
