Von Kim Law : Sweet Nothings (A Sugar Springs Novel) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweet Nothings (A Sugar Springs Novel) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. As good as the first one...Von ClaudiH...in the Sugar Springs series. After enjoying the first book so much, I had high expectations for this one. I have to admit, though, that the main character Joanie's weird behaviour and opinions regarding relationships were starting to get just a little on my nerves. But then the author managed to turn everything

into the right direction, and all was well. I like the same thing about this book as with the first one - good story, well developed characters, and interesting supporting characters as well. Looking forward to the next one, which I read is in the making. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Could not finish it Von Tantalial really love my chick lit, but this was too shallow even to read when I really wanted to rest my brain and just relax. Sorry. It just was not right for me at all - with the obvious plot and all... 0 von 1 Kunden fanden die folgende Rezension hilfreich. Good entertainment Von CustomerNice figures, well written. Story is very typical for this kind of book. Looking forward reading the next book in this series.

Kurzbeschreibung Joanie Bigbee, cupcake baker extraordinaire, likes to keep her options open and she's good at it. She's started and sold some 30 businesses in her postage stamp-sized Tennessee town, and at the moment she can be found in a short skirt and go-go boots, selling cupcakes out of the back of a converted Volkswagen van. What she moves on to next is anybody's guess. She knows better than to be tied down. In any way. She's watched every woman in her family fall head-over-heels, only to find themselves wondering how to pick up the pieces when love is lost. When Nick Dalton shows up at the groovy cupcakery, all Joanie wants is a taste; a fling with no strings suits her just fine. But for Nick, a bite is not enough; he wants the whole cake: a big house, a family, true love. But love only makes you stupid, right? Joanie has to decide whether to follow where her free-spirit leads or hold on to the sweetest thing she's ever known.

ber den Autor und weitere Mitwirkende Award-winning author Kim Law wrote her first story, "The Gigantic Talking Raisin," in elementary school. Although it was never published, it was enough to whet her appetite for a career in writing. First, however, she would try her hand at a few other passions: baton twirling, softball, and music, to name a few. Voted Bookworm and Most Likely to Succeed in high school, she went on to earn a college degree in mathematics. Law spent years working as a computer programmer and raising her son, and she now devotes her time and energy to writing romance novels (none of which feature talking raisins). She is a Romance Writers of America's RITA finalist, a past winner of the RWAs Golden Heart Award, and currently serves as president for her local RWA chapter. Her books can best be described as a light-hearted mix taking her readers on a sexy, fun, and emotional ride. A native of Kentucky, she now lives with her husband and an assortment of animals in her Middle Tennessee home.
