Von Rosemary Rogers : Sweet Savage Love before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweet Savage Love:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. don't spend your moneyVon Ein KundeRead it if you can find it at the public library, otherwise, don't waste your money. I borrowed this one from a friend and remembered why I don't read this author. I like to read ROMANCE. That

indicates that the main characters fall in love. Maybe not at first, but at some point. For this author the hero and heroine don't have any reason to like each other (and don't!) until the end. Then all of a sudden they have been in love the whole time. Ghee, I wonder where men got the idea that every woman's fantasy is to be raped? And don't give me any of that "she paved the way for other authors" I was reading romance in the 70's and there is only, maybe, one other writer who puts her characters through such a torturous, unrealistic plot. There were plenty of other writers putting out very steamy *love* stories that you wanted to read over and over. This author is in a class all her own and she can have it.

1 von 1 Kunden fanden die folgende Rezension hilfreich. A different kind of "romance" novel

Von Ein Kunde Like a lot of readers who've read this book, I also think the title is misleading. Perhaps this is the reason that I was taken aback by some of the more lurid plot. This would've been a better book if the author had spared Steve and Ginny, not to mention the readers, just a few of the numerous ghastly events that befall them. It's similar to what soap opera characters go through. So, if you enjoy watching soap operas and are not squeamish, then you would find this book "a juicy good read." One thing to be said for the book is that it leaves a strong impression, for better or for worse. After finishing this one, I couldn't wait to read the two sequels mainly because I had a morbid curiosity to see what other tortures the author would inflict upon Steve and Ginny. I was not disappointed! In conclusion, I think the book is certainly "savage" enough, but there is barely any "love".

Von Ein Kunde Sweet Savage Love is about a naive girl full of romantic fancies who confronts the more lurid realities of life and love. Ginny is caught in more situations than some readers might find easy to swallow. There is also an element of forced seduction involving Ginny and Steve Morgan that readers might find offensive. However, there is a deep, unrecognized attraction between the hero and heroine that is not present in Ginny's other encounters. It is not mature love at first. However, most love takes time to grow. The novel is set in the background of the American Southwest and in Mexico during the rebellion against the Emperor Maximilian. The reader gets a small taste of history and the feel for the injustices and turmoil which resulted in this war. However, this is primarily a romance novel to entertain. Steve and Ginny both go through a lot but this does occur during a tumultuous (sp?) time in history. Ginny's morals or lack thereof may sour some readers but she is the product of her upbringing and her experiences. Steve Morgan's liaisons with women are also not high up on the moral ladder but he is the typical male with double standards of whom there are plenty today. Sweet Savage Love is a novel to be enjoyed and not to be analyzed too seriously. Another good Rosemary Rogers novel which is completely separate from Steve and Ginny is The Wildest Heart. This second novel is not quite as dramatic as Sweet Savage Love. Readers might find it a bit easier to swallow.

Kurzbeschreibung A tale of human emotion that lays bare the heights and depths of love, passion and desire in old and new worlds as we follow Virginia Brandon, beautiful, impudent and innocent, from the glittering ballrooms of Paris to the sensuality of life in New Orleans to the splendor of intrigue-filled Mexico. A tale of unending passion, never to be forgotten the story of Virginia's love for Steven Morgan, a love so powerful that she will risk anything for him even her life.
