**Von Jude Deveraux : Sweetbriar (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweetbriar (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Fall in love . . .Von Mandy. . . with two characters and a town that will steal your heart. \_Sweetbriar\_ is the story of Linnet

Tyler who leaves England for the wilds of Kentucky and during an Indian raid finds powerful love and a town full of the sweetest people ever. You'll laugh, cry, and want to hit Devon so many times that you'll have this book finished before you even realize you started it. One of Ms. Deveraux's best, the often overlooked Sweetbriar is the front-runner to the 'Lady' series and by far one of my very favorites. My only complaint is that it's so short! Easily able to be finished in one sitting and well worth a second read through before you put it away! The scene near the end with the folks from Sweetbriar is priceless! A must read!

0 von 0 Kunden fanden die folgende Rezension hilfreich. I have read it many MANY times!

Von Ein Kunde Sweetbriar is a kind of book that will catch your eye in a bookstore. I know it caught mine and i have not put it back on my bookshelf to sit since then. This story tells of Linnet Tyler's travel to the wilds of Kentucky from her homeland in Europe. Near the end of her long journey her and her family and the rest of her group are attacked by indians. Mistaken for a child Linnet is taken to their camp where she meets a man who will save her life...and steal her heart... Devon Macalister has never met a woman quite like Linnet. When he saves her from the indians he has no idea what impact on his life she would have... Sweetbriar is a wonderful book and I highly recommend it to all of you readers out there.

0 von 0 Kunden fanden die folgende Rezension hilfreich. The characters lacked depth and development

Von Ein Kunde I felt like I was reading a book by an amateur author rather than Jude Deveraux. I suppose this is understandable since it was one of her older titles. I didn't feel any emotions like I did with some of her other books. The characters did not become real. There was no expansion into the characters in the book and Jude Deveraux only touched the surface of what could have been a great book. This book was one of the few that I've read that I found lacking. Her others have always been great.

**Kurzbeschreibung** In a few terrifying moments, her life was changed forever. Linnet plunged into the Kentucky wilderness, leaving behind the remnants of her life in London. But a savage Indian attack on the wagon train wiped out her fellow travelers, and left her alone in a harsh land...at the mercy of a fierce Shawnee tribe. When a handsome young brave claimed her, in perfect English, as his own, Linnet knew she was safe. Until the jealousy of his powerful chief forced them to flee on a hazardous journey, fraught with peril and treachery...a journey that threatened both their lives, and their very special love!
