I thought it was really funny that before Veronica's mother Ester died, she told her to find her father and that she was sorry. Because of Veronica's

resources, she found him. When she went to confront him, she got the surprise of her life. Schyler opened her father's front door. This was the beginning of a lot of confusion for her. Schyler was also a person that liked helping people. He was driven to make sure children that were in foster care were treated with care from those foster parents. He felt blessed to be Richard Henderson's son. He didn't think in a million years that Richard's long lost daughter was Veronica Overton (the woman he couldn't get out of his head). I loved all the characters in this book. I especially liked Jenny the homeless woman that was actually the Seamstress Extraordinaire. Ms. Forester always brings books to us that not only are sensual, but have wonderful meanings about family, trust and love. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Awesome Love Story! Von B. J. Woodbury If you have ever been impacted by family secrets during your adulthood, then this is a book you will enjoy reading. This was such an interesting book done so well by this author, giving you nothing but a memorable story about Veronica Overton and Schyler Henderson. The book offers the reader both major and minor stories that binding them together makes such an enjoyable book to read. When you get to the last page you should be in a position to say it was well worth the read. Gwynne Forster mostly deals with issues that may for the most part be experienced by a more mature audience but even if you're younger there are some valuable life lessons to be found in all of her books. If you enjoy this one and have not read some of her other published books check these out: Beyond Desire, Fools Rush In, Obsession, Naked Soul, Against The Wind, Against All Odds, Ecstasy and Sealed With A Kiss. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Swept Away Von Affaire de Coeur Veronica Overton cannot believe she has come under the spell of the man who has almost destroyed her professional integrity. When Schuyler Henderson of Advocates for the Child, who is also an engineer, takes her to court because a young girl Veronica's agency has placed goes astray, she is determined to clear her name and the reputation of the Agency. But when they look into each other's eyes, time stands still. Again, Ms. Forster has created a tale enveloping romantic chemistry, compelling secondary characters, and twist and turns in a plot that intrigues. A definite pleaser.

Kurzbeschreibung As the head of a highly regarded child welfare agency, Veronica Overton is one of the most respected women in Baltimore.
