whether or not it would be worth my time, and all praised *Swinging Saved Our Marriage* (English Edition):

Kurzbeschreibung Kyra and Ethan, married for over 10 years, realize they have drifted apart as husband and wife. Kyra is on the verge of an affair and Ethan is getting his sexual gratification elsewhere as well. When the couple confronts the loss of the spark in their marriage, they decide maybe the way back to each other is to indulge their fantasies. Kyra and Ethan put up an ad on a swingers' website and agree to stay open to wherever their adventures take them!
