Einfaches, verfhrendes Buch!Von EReaderEin wirklich gelungenes Buch! Sehr einfach zu lesen und die Storyline hat mir persnlich sehr gut gefallen. Paige und ihre Liebschaften haben mein eigenes Liebesleben etwas aufgepeppt! ;-)

Wer erotische Lektüre mag, wird dieses Buch nicht aus der Hand legen! Ich werde definitiv noch mehr von Megan Hart lesen!

Die Geschichte um eine frische Berufseinsteigerin, die schon geschieden ist und Nachbarn und Chef toll findet, ist eher langweilig. Einzelne Personen (z.B. ihre Freundin) werden erst groß vorgestellt und dann nur noch im Nebensatz erwähnt. Insgesamt ist die Story unruhig.

Nice read but nothing special. You read the book on and on and hope all the time for the highlight to come on but really nothing happens. Yes the erotic scenes are hot but that's it. I was also disappointed with the end, the author could have left it more open.

Dont Think. Dont Question. Just Do. Shall we begin? This is your first list. You will follow each instruction perfectly. There is no margin for error. Your reward will be my attention and command. The anonymous note wasn't for me. It was just a piece of paper with a few lines scrawled on it. The black looping letters looked so innocent. They were not. Before the note, if a man had told me what to do, I'd have told him where to go. But now I'm learning that submission is an art. Doing someone's bidding is exciting, liberating even addictive. One of the most powerful writers of erotic romance.
