Totally preposterous plot, but who cares?!?!Von Bonnie DouglasThe plot line is impossible to believe, but real-life stories are NOT what I'm looking for when I read an Olivia Goldsmith book. This story really moves right along, and has some of the funniest dialogue of any of her books. Still, I personally much preferred "Best Seller" and "Flavor of the Month." Has Olivia Goldsmith become so popular since the movie "The First Wives Club" came out, that she is now writing

more with future movie options in mind? Reading this book it definitely seems that way.0 von 0 Kunden fanden die folgende Rezension hilfreich. Quirky yet thoroughly entertainingVon Sandra TrolingerThis book has an implausible premise but I read for escapism...Parts of this book had me laughing out loud. Don't we all know a Marla? The other thing that struck me is we all have a case of envy with others lives. The grass isn't always greener but sometimes if you get the right gardener you can fake it. :) Read this book and loan it to others...Then go back to reading your Grishams and heavier plotlines.1 von 1 Kunden fanden die folgende Rezension hilfreich. IN FOUR WORDS OR LESS...THIS BOOK IS HORRIBLE!Von Brian MurrayDon't believe good reviews of this book. It was so simple-minded, so preposterous, and so STUPID at times, that I could not believe I was reading it all the way to the end. First of all, I won't get too much into it, but the story is totally unbelievable. Sylvie, a middle-aged housewife, finds out that her STUPID husband, Bob,(if you doubt that he is stupid, please read further) is cheating on her. She confronts his mistress, whose name is Marla, and finds that she is her EXACT TWIN, except 10 years younger, and therefore, skinnier and without wrinkles. Eventually Sylvie and Marla decide to go off to a spa together, get makeovers and plastic surgery so that they look like EACH OTHER (Bob was too stupid to ever notice that they looked exactly alike, if you can believe that) and then SWITCH PLACES, so Sylvie can get all the nookie she has been missing, and Marla can see what it's like to ACTUALLY BE MARRIED, since she's wanted to be married since the seventh grade. And NO ONE is the wiser. And then, of course, hilarity ensues.Secondly, the conversations between characters are totally inane! Example: "God, I'm an a--hole. No, I'm the world's biggest a--hole." Bob stared out the window. "Think of the biggest a--hole in the world. Now raise it to the power of ten. That's me. I am a thousand a--holes." "Don't be so grandiose," John told him. "You're just a common garden-variety adulterer. I see them every day. Your d--- is running the company right now. I might as well be talking to it." Bob nodded morosely. "You're right." He looked down at his crotch. "He's the C.O.O." He sighed. "You know what I wish? I wish I could get him off the board of directors. Or just cut it off. Or better, I wish it would just fall off. It's ruining my life." John snorted. "Bob, eunuchs are not happy guys." ..."I'd like to see the research on that," Bob said as John turned the car into the driveway..... If you enjoy that passage, there's plenty more where that came from, and worse. If not, sorry to torture you. Heed my advice and don't waste your time.
