Von Lewis Carroll : Sylvie and Bruno (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sylvie and Bruno (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. Weird and confusing but it really grows on you Von Ein Kunde At first this seems disappointing after Alice in Wonderland and Through the Looking Glass. But after a while it grows on you. I don't bother to try and follow the story. I just open it at random and read bits of it. There's always an unusual and interesting idea, or some funny dialogue or else a totally off the wall dreamlike image. Also there are some great poems in it. It is admittedly a patchy book. I like Bruno- he's

quite like Alice but that baby talk was popular in Victorian times and grates on you now. Lewis Carroll didn't succeed in blending these great elements into a book that's easy to read, and this is why it is less popular. But it is definitely worth getting if you want another glimpse into the mind that wrote Alice. You will find plenty of the same kind of stuff. Also I think Lewis Carroll was a really nice person as this book often cheers me up when I feel low. It is happy and positive.

Von Ein Kunde
This is a book I return to now and then, just to recapture that childlike wonder that Carroll masters so well. The contrast of the adorable fairy children and their beautiful little absurdities, against the strangeness of the real world of Carroll's time and culture which seems alien to a modern reader, make for a surreal story that still manages to hit its simple theme on the head: love conquers all.

Von Customer
The book kind of stops in the middle and one has to acquire Sylvie and Bruno Concluded, which I didn't find. So I bought the complete Sylvie and Bruno (1 Euro or something, so no issue). I read the e-book on the kindl app and for some reason the pictures weren't displayed (at least on my device), which is unfortunate because the author occasionally makes references to the illustrations.

Synopsis
I represented modestly that to my ears it appeared that they were shouting for different things but the Chancellor would not listen to my suggestion for a moment.
