Rocks!Von Detra FitchWhen her sister, Rose, is brutally attacked by Lucas Johnson, Lily Carlyle tracks him down with murder in her heart. Lily succeeds in killing Johnson, at the cost of her own life. The next thing Lily knows is

waking up in a stranger's body. Alice Purdue is dead and Lily now resides in the lovely lady's body. It all boils down to Lily being the one referred to in a prophecy. A group of demons is preparing to enter our world through one of the nine gates of Hades. Lily is the only one who can stop them and permanently seal the gate when the time is right. In the meanwhile, Lily must live Alice's life without anyone realizing that Alice's soul is not the one in residence. When she is not trying to blend in to a stranger's life, Lily must utilize her time to train so she can dish out some serious demon butt kicking. But not all is what it seems. **** FOUR STARS! Writing that synopsis was harder than you would believe. It was the best I could do without giving some major spoilers away, for not only this title, but also for the future releases of the series. This is the first of a new trilogy. It is unlike any other the author has published before. Those readers who have read Kenner's other demon stories will find no parallels. This is totally unique from any other plot line Kenner has done before. Readers will not have to wait long for the next books either. The publisher will release the three titles of this series within three successive months! WOO-HOO! And since I have j-u-s-t finished reading this first book, I can tell you that Lily's story rocks out loud. ****Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung From New York Times and USA Today bestselling author Julie Kenner (aka J. Kenner) "Can I just say that dying sucks" So begins the first installment of the Blood Lily Chronicles, an urban fantasy romance which introduces readers to Lily Carlyle, a tough-talking bad girl who's been chosen to save the world, and Deacon Camphire, the darkly sensual man whose words seduce her, but whose actions suggest he's hiding secrets of his own. "A wonderful balance between urban fantasy and paranormal romance. A casual, catchy first-person point of view peppered with slightly more four-letter-words than the genre usually bears, mingled with a kick-ass heroine and a dangerous, smoking-hot hero makes for an excellent read." The Discriminating Fangirl When Lily Carlyle set out to kill a child molester, she never expected to die and be resurrected as an assassin. Especially not as an assassin charged with fighting the forces of darkness in the ultimate battle of good against evil. It's the key into heaven, she's told. And in light of her sins, without that key, she's doomed to an eternity of suffering. But even in the demon world it's sometimes hard to tell your ally from your enemy. And when Lily finds out the truth . . . well, there really will be hell to pay. Read the entire trilogy! The Blood Lily Chronicles: Book One: Tainted Book Two: Torn Book Three: Turned Julie Kenner (aka J. Kenner) is the New York Times, USA Today, Publishers Weekly and Wall Street Journal bestselling author of over forty books including the Kate Connor Demon-Hunting Soccer Mom series (book one, Carpe Demon, is currently in development as a feature film) and the Protector (Superhero) series which begins with Aphrodite's Kiss. As J. Kenner, she is the author of the Stark Trilogy (Release Me, Claim Me, Complete Me), the Most Wanted series (beginning with Wanted), and the Shadow Keeper series beginning with When Blood Calls (originally published as J.K.
