Von Julius Schenk : Take the body...: gritty fantasy. grimdark (Dark Gods Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Take the body...: gritty fantasy. grimdark (Dark Gods Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. would be four to Five Stars with different EndVon -KundeStoryline:Seth is a young man after serving in the army for two years is tricked/robbed not only out of all his wages but on top falsely accused of owning money and than sold as a slave for five years to pay the debt.After he is sold the servant who bought him tells him he will have to do an interview with his new master.So nothing to worry - even if he is chained to the floor - Than the master (call me general) who bought him summons a creature to kill Seth - but instead the creature decides he likes Seth better and frees him - tells him to destroy the protecting circle and than it is the general who dies. The creature tells Seth he choose him and he can summon him in the future...Also of course than the relatives of the general are on the hunt for Seth and want him dead - not only out of revenge but because everytime the creature kills somebody it can absorb all the memories, knowledge and life force and give it its summoner and they really want to have the memories of the general (and all the people HE absorbed of course)So while fleeing and fighting of his live Seth is forced to use the help of the creature more and more - and each time he connects more with the creature - and the creature is always hungry for the kill....Problems with the book:Some things are predictable (like first Seth says he will never summon the creature again - but shortly after he gets himself in another dead or life situation and the only way to save his life is in fact to summon the creature again)Than some things are a little bit to much "deus ex machina" like he gets help from unlikely forces or meets the right people at the perfect time when he needs them.Also unfortunately there were some spelling errors or wrong words...But overall it was completely different and new story and i really loved the book - until the very last page - than unfortunately it wasWHAT - how can it be over now ???The ending was much to abrupt and in my opinion there are too many open questions and unresolved issues so it leaves me unsatisfied - but in the other hand it seems to me that there will NOT be a follow up part so i assume it is a stand alone book.For me the ending ruined it totally and even while I really liked reading it (until the end that is) it is not something i will go back to reread it in the future - so i have given it back...If it was beginning of a series or if there would be follow up books to solve the open issues i would totally reconsider and give it four to five stars.

Kurzbeschreibung A young northern soldier. A pact with an ancient demon. What would you do?"first of series: this book has a somewhat fresh take on demons, sorcerers and vampires. More than that, it looks at the nature of power, sacrifice--and the struggle to keep ones humanity." customerSeth, a young soldier is sold into slavery by a corrupt city watch. In order to escape he is forced into a pact with an ancient wolf-like demon, an old god of his peoples past. Through its gifts he gains the skills, memories and knowledge of those he kills, but at a high price.Now the Dark Guild, the creatures old masters seek to find him and kill him. They must regain his stolen memories and end this threat to their secrecy.The powerful guild has members in the nobles and rulers of the land, and paid blades at every corner. Seth must fight through them all, as he struggles with his new found powers and against the blood lust that his dark alliance brings. Grimdark adventure for those who like playing DDJulius Schenk: When he's not writing, Jules is either playing skyrim, some Magic, the gathering or bass guitar and listening to the real mckenzie's.I also have short stories in french and Italian and intent to translate the full books into spanish, japanese, german.
