Von Peter Grant : Take The Star Road (The Maxwell Saga Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Take The Star Road (The Maxwell Saga Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Good books by a new author Von brad_richards Science fiction and space opera written before around 1980 was bright and optimistic. Something changed, and for the past 30 years or so we have had dark, pessimistic views of the future.

Perhaps the pendulum is swinging back. The Maxwell saga looks towards a positive future. There are still problems, but these can be solved or left behind. This is space opera, not hard science fiction, written as light entertainment. It is always clear that the good guys are going to win, but it's an enjoyable trip along the way. Criticisms of the author's writing style are justified, but these are minor problems, typical of a new author, and are nearly gone by the third book. I look forward to reading more - Peter Grant needs to write faster!

Von Helmut Henschel It is refreshing to see how the boyscoutish young hero displays ever more surprising physical and intellectual abilities. Just like some of Heinlein's stories before he became more adult. However, without the very repetitive description of military trainings, ranks and medals the book would be half as long and twice as entertaining.

0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice story
Von -Kunde This was definitely a good read. Steve Maxwell's career in space is quite interesting (first as a merchant, later in the military). However, some things might be too easy for him compared to others, but it's not overwhelming and does not spoil the fun. I like it and will read the next books as well.

Kurzbeschreibung
Nineteen-year-old Steve Maxwell just wants to get his feet on the star road to find a better homeworld. By facing down Lotus Tong thugs, he earns an opportunity to become a spacer apprentice on a merchant spaceship, leaving the corruption and crime of Earth behind. Sure, he needs to prove himself to an older, tight-knit crew, but how bad can it be if he keeps his head down and the decks clean? He never counted on the interstellar trade routes having their own problems, from local wars to plagues of pirates - and the jade in his luggage is hotter than a neutron star. Steve's left a world of troubles behind, only to find a galaxy of them ahead...

Peter Grant was born and raised in Cape Town, South Africa. Between military service, the IT industry and humanitarian involvement, he traveled throughout sub-Saharan Africa before being ordained as a pastor. He later emigrated to the USA, where he worked as a pastor and prison chaplain until an injury forced his retirement. He is now a full-time writer, and married to a pilot from Alaska. They currently live in Tennessee.
