**Von Margo Maguire : Taken By the Laird (Regency Flings)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Taken By the Laird (Regency Flings):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Bride on the runVon Helen HancoxWhen Brianna Munro decides not to marry the rather unpleasant chap her guardian has chosen for her, she knows she's going to be in trouble. She escapes London and heads for her aunt Clare in Scotland who will hopefully shelter her. However, when she arrives and finds Clare dying, she knows she will soon be on her own again.After Clare's death Brianna finds herself walking alone through Scotland to try and cover her tracks. When a bad storm arrives she shelters in the empty Castle Glenloch, only to find it isn't empty. The Laird, Lord Glenloch, a

famous rake, is actually in residence - and despite the dangers Brianna has to stay. She has given Hugh Christie, the Laird, a false name, and she tries to leave as soon as she can, but there's something between them that means Hugh comes after her. Is there a future for them? Can Hugh keep Brianna safe? Can Hugh keep his people safe? There's a lot in this book about smuggling and whisky distilling which was interesting if sometimes rather tangential. However the central point of the story is the romance between Hugh and Brianna which I felt was rather too much based on physical appearance and not so much on a meeting of minds. The book relied a great deal on secrets and misunderstandings and I found that it was all rather too formulaic for this reader to fully enjoy. Kurzbeschreibung Taken by the Laird is a scintillating tale of passion in the Highlands from Margo Maguire, author of Wild and Temptation of the Warrior, featuring a laird who must come to the rescue of a bride on the run. Kurzbeschreibung Taken by the Laird is a scintillating tale of passion in the Highlands from Margo Maguire, author of Wild and Temptation of the Warrior, featuring a laird who must come to the rescue of a bride on the run. Buchrckseite A bride on the run . . . A young lady escapes to Scotland in the dead of night, desperate to avoid the horrid marriage her guardian had arranged. Traveling alone, fearing for her safety, Brianna Munro finds shelter at the imposing Castle Glenloch. She intends to stay for just one night . . . but then Brianna encounters Hugh Christie, Laird Glenloch, and all her best-laid plans vanish into the Highland air. The stubborn chit says she's a lady's maid, running from a vengeful employer on the way to Dundee. But Hugh can see that the bold beauty is hiding something, just as plainly as he can see that he won't be able to resist her. Brianna's tempting body was made for pleasure, and Hugh has never been one to deny himself the delight of sin. He'll have to convince Brianna that he's not like the other men she's known and that being taken by a laird one stormy night is just the beginning of a lifetime of ecstasy.
