boring Von ~The Bookworm~this was a boring read about a manipulative and rather unimaginative heroine...dull, tame sex and nothing much going for it.... pass, I'm afraid 0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungIntrigue, seduction and revenge in a disreputable financial world...When attractive, thirty-something Beth Bradley takes a job as PA to Simon Henderson, a highly successful financier, she is well aware of his philandering reputation and determined to turn the tables on his fortune. Her initial attempt backfires, and she begins to look for a more subtle and erotic form of retribution. However, Beth keeps getting sidetracked by her libido, and finds herself caught up in the dilemma of craving sex with the dominant man she wants to teach a lesson.**Pressestimmen**This is one of the best of Black Lace's novels - a believable adventure set in the world of disreputable finance. Beth is extremely horny and her unsatisfied lust gets her into one adventure after another. The attention to detail is good for an erotic novel, especially in the clothes. I read the whole thing from end to end in one evening. **Werbetext**Black Lace - erotic fiction for women
