Von Cecilia Tan : Taking the Lead (Secrets of a Rock Star) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Taking the Lead (Secrets of a Rock Star) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. ... a nice, kinky Hollywood Rockstar Romance! Von Bianca @BJsBB 3.9 stars Ricki and her sister Gwen are Hollywood

royalty. They inherited their grandfather's billions ...but the weirdest part of their inheritance is their grandpa's beloved secret BDSM sex club. A club where kinky Hollywood A-listers have been living out their fantasies for decades. Besides trying to keep the club a secret, Ricki is busy working for a film company - she has to work somewhere else for three years, before she can take over her grandfather's movie empire. No time for relationships. That's when she meets Axel - Rockstar newcomer with his band The Rough. Instant attraction. But her friend Sarah thinks Axel might be a possible client for her club. Not the kind of person Ricki is interested in. Or shouldn't be interested in.....Axel is completely infatuated with this Ice-Queen, a name that doesn't fit her at all, he thinks. She submits to him and his sexual fantasies, just like she was made for him. But she can't admit that being submissive what she wants too. What will happen with Ricki Axel? Will there be a kinky Happy Ever After? Or will there be a horrible Cliffhanger? I'm not telling you that of course ok - no Cliffy it's a standalone romance!!

I really enjoyed the book! As soon as I read the word #ROCKSTAR in a blurb, I'm in. Ever since Kellan Kyle, I'm the biggest #RockstarRomanceFangirl. And I really enjoyed this book, BUT - there were so many things wrong with it too :/ The blurb sounded really interesting: sexy rockstarish. But the reality of the story wasn't as amazing as the blurb led me to believe. I don't really want to get into what I hated, there are lots of points for me that didn't work, but that would be too much to write down, and I don't want to stop future readers from enjoying this book.... so let me tell you what I liked, other than the blurb. Hm, now that I think about it, I don't know where the 4 stars come from. Because there's much more to hate than to like about this story. But I still give those 4 stars, because it was an okay rockstar-romance. Lots of sexy and adorable and funny and interesting moments. And I'm excited to see what and who book #2 will be about. Maybe it will be a bit better than the first. Now that I think about it - maybe I should mention what I hated....it's not that I hated everything about the book - I gave those 4 stars after all. It really had some good parts... OK, now about the negatives... and please remember that those are MY negatives. Most people probably won't have a problem with most of those things. The whole Hollywood royalty background could've made the book really amazing. But the way Cecilia did it, it just bubbles along in the background. Could've been anything, anywhere else. It gets a bit better toward the end though.... The worst thing about the book is Axel's name. For me the name Axel is just horrible (no offense intended to all you Axel's out there!) Every time I read that name in the book, I automatically had a 2015 version of Axl Rose in my head....and that is not something you want in your head!!!! I can live with Axel's last name: Hawke. I just wish people would've called him that more often. Also Ricki's name is not a real great heroine name for me :/ Sounds like a boring 1980's person. Or for German people, Ricki immediately makes you think about the singer in Tic Tac Toe - and how Anke Engelke - the comedian - always made fun of her!!! Hilarious by the way - you might want to youtube that. The sex-scenes! I'm a huge fan of sex scenes. I'm even a fan of too many sex scenes. I always hear people complaining about books with too much sex in them...pffff. I like that. BUT - here - the sex.... The first two sex scenes. Limo and bathroom sex. They were just weird. There was nothing sexy about it for me. It wasn't disgusting or anything. But it was weird. Again, it gets a bit better with time. And the whole BDSM thing. I don't know ... it just doesn't fit this book at all. Even though the main part should be about the secret sex club. But somehow the author just talks about it and the heroine is weirded out about it, even though she grew up with it. It's all so very weird in my opinion. Axel the Dom!! Ridiculous. The way he talks, or thinks about things. He sounds like a shy 16-year-old high-school GIRL!!! Once the clothes come off, he's a bit the dom, but his weird romantic thoughts are so not dominant! That brings me to the writing style of Cecilia. It's my first Cecilia Tan book. And I'm sorry to say, but I don't like the writing. Cecilia is supposed to be American. And the characters are too - and the story is set in Hollywood. But there are expressions and words in this book that scream British! And I hate that! I don't hate English stories, just British English in American stories!!! Also, there are too many words in this story. Some good editor should've cut at least 50 pages. There's so much talk about nothing. Redundant repetitions... But please don't let my weirdness about weird things stop you from enjoying this book. Every reader has to make up their own mind about books!!!! I just went in with too high hopes. I normally don't do that, because you can only be disappointed that way...but I really hoped this #RockstarRomance would be rockstarish amazing... TAKING THE LEAD was a nice, kinky Hollywood Rockstar Romance! I'm excited to see what and who book #2 will be about!!! (ok, I might already know that it will be about Ricki's sister and Axel's domish bandmate Mal!!!)

Kurzbeschreibung Ricki Hamilton and her sister have just inherited a vast estate in the Hollywood hills. Unfortunately, with that legacy comes the most exclusive club in Hollywood history, a secret BDSM establishment where only the rich and the naughty come to play. Ricki wants nothing to do with this business, and is trying to find ways to get out of having to run it . . . until she meets Axel - a sexy enigmatic rock star who makes her want to submit to needs she didn't know she had. Pressestimmen "The sex scenes here are once again as hot as they are imaginative." RT Books on SLOW SEDUCTION "Seductive fun not to be missed! Cecilia Tan will make all your sexy wishes come true!" Lisa Renee Jones, bestselling author of If I Were You on SLOW SURRENDER "Loved, loved Slow Surrender and am waiting on

pins and needles for book two, *Slow Seduction* to come out...another brilliant outing from Cecelia Tan...her characters are full of life and emotion, and so believable. Definitely a keeper!"Night Owl s on *SLOW SURRENDER*"If you are a fan of the Billionaire Dom, you should not miss *Slow Surrender*. Cecilia Tan weaves a compelling and red-hot tale that will have readers eager for more."<http://www.romancenovelnews.com/> on *SLOW SURRENDER*"Move over EL James. Cecilia Tan's *Slow Surrender* is sinfully sweet and sublimely erotic. As with sipping a superb single-malt scotch served neat, you'll savor the slow burn as it builds to a deliciously unanticipated ... climax."Hope Tarr, award-winning author on *SLOW SURRENDER*KurzbeschreibungRicki Hamilton and her sister have just inherited a vast estate in the Hollywood hills.
