Romance without iPhonesVon BooksBuecherUnlike many time slip novels, where the speed at which the heroine/hero suspend their disbelief at having leapt forward or backward X number of years is matched only by their rapid emotional adjustment to the drastically different living conditions, here we finally get a romance where the heroine, Martha, actually fights her senses tooth and nail all the way, and credibly, goes through all stages of denial, loss, and self doubt that one would reasonably expect of a time traveler, before even attempting to adjust to her new life. Vadim may be God's gift to women (think Aragorn if you're a fan) but Martha's a modern woman who feels things the way a modern woman would feel if thrust into a cold damp medieval cave with a brooding cave man as sparring partner who uses her iPhone as fuel for the fire. Let's face it, this new life's not all gallantry and roses, so she battles against him, his lifestyle, and her own role before finally becoming part of the ongoing struggle that afflicts the community who've accepted her, just as she is. The visceral, yet poetic writing of this wonderful saga will have you reading to the end in one go.0 von 0 Kunden fanden die folgende Rezension hilfreich. great! sehr toll!Von Ma-ryIch mochte die Geschichte sehr gerne. Man hat endlich keine zu sehr weinerliche Hauptperson. Die Charaktere sind gut beschrieben und authentisch. Zum Ende kommt es dann doch zu einer kleinen intimen Interaktion. Ein Stern Abzug da mir sehr viel mehr gefallen htte etwas mehr aus der Sicht des mnlichen charackters zu lesen. Die kleinen Einblicke von ihm waren so guut, da htte ich etwas mehr im Buch erwartet.Alles in allem: ein wirklich gutes Buch das den Leser in eine andere zeit, eine andere Welt, bringt.

KurzbeschreibungNot every 'broken heart' is truly broken... Some are just badly bruised.Desperate to forget about her worthless ex-boyfriend for a while - not to mention their spectacularly cringe-worthy break-up! - Martha Bigalow sets out on a long hike hoping that the dramatic scenery of the English Lake District will work its magic and put a band-aid on her heart.But as she's crossing a swollen river using an ancient set of stepping stones, disaster strikes, and Martha falls into the angry water.Time Travel. Sideways.
