 Von Mario Pf.Kopfgeldjger - Sie sind die ungewöhnlichsten Gestalten aus dem Star Wars-Universum, doch nicht alle sind abgrundtief bse und haben auch ihre guten Seiten. Wie die meisten Charaktere des Expanded Universe stammen auch sie aus der klassischen Film-Trilogie. Alles begann auf der Brcke von Darth Vaders Flaggschiff whrend "The Empire strikes back", wo eine auserwhlte Elite damit beauftragt wurde Han Solo und dessen Freunde gefangen zu nehmen. Diese sechs Kopfgeldjger wurden in den fnf in diesem Band enthaltenen Kurzgeschichten schlussendlich verewigt.Neben der Geschichte des Droiden IG-88, des Cyborgs Dengar, des Trandoshaners Bossk, sowie dem Gand Zuckuss und seinem Droidenpartner 4-LOM, enthlt der Sammelband auch eine Geschichte ber Boba Fett und dessen Leiden in der Grube von Carkoon.Die Lebensgeschichten dieser 6 Kopfgeldjger und deren Versuche Han Solo dingfest zu machen werden in diesem Band zusammengefasst dargestellt. Jeder von ihnen hatte eine Geschichte und jeder von ihnen ist von einem Ziel besessen. Besonders im Falle Bossks wird das klar. Etwas enttuschend ist nur, dass die letzte Geschichte ber Boba Fett mit den meisten Schilderungen des Expanded Universe widerspricht und daher nicht zum Kanon gehrt. Ansonsten werden hier 5 sehr abwechslungsreiche Kurzgeschichten ber Kopfgeldjger angeboten.Fazit:Ein wirklich notwendiges Buch fr alle Headhunter-Fans, welche die Geschichten ihrer "Helden" gerne im Original genieen mchten.

 Von James PenceI'm not really a big fan of the EU books, but I enjoy the "Tales" books. But out of all three, "Tales of the Bounty Hunters" would have to be the worst of the three. Don't get me wrong; this book is good, and I enjoy reading it. Several of the stories are very good, and offer a lot of background information about the bounty hunters that you wouldn't know about in the movie. But a couple of the stories were only either okay or just plain terrible, which bogged down the overall quality of the book. I'll go through each tale and discuss their pros and cons:  
 1. IG-88: Starts off extremely well. I loved how he killed off all the Imperial scientists (reminded me of the Terminator). But as soon as he takes over the droid factory on Mechs III, the story goes downhill from there. I won't spoil it, but the ending completely betrays the movie ROTJ. Contrived and stupid. Read the beginning and skip the rest. Final Grade: 2/52.  
 Dengar: By far, the best of the stories. This story made Dengar my favorite bounty hunter. Well-written and believable. The ending was a little too sappy, but that's only a minor quibble. And as a bonus, it even included Boba Fett as a supporting character. And I liked Manaroo; she was neat. Great work, Mr. Wolverton. Final grade: 5/53.  
 Zuckuss and 4-LOM: At first, I thought this story would be the worst, but I was wrong. It was actually very good. I liked how they assisted the Rebels in escaping from the Imperials in the Hoth battle. Again, a sappy ending, but I rather have a happy ending than have them get killed. Very enjoyable reading. Final Grade: 4/54.  
 Bossk: Forget this one. Utter garbage. Within five pages, I was immediately bored. Skip it. Final Grade: 1/55.  
 Boba Fett: This one was the most interesting. Parts of it dragged a bit, but overall it was good and suspenseful. I especially liked the ending, but it left a cliffhanger. We don't really know what happens to Fett and Solo after that. The second best in the book. Final Grade: 4/5  
 Overall, an average contribution to the EU universe, with several excellent stories and a few questionable ones. I recommend this to all SW fans. May the Force be with you.

 Von Ein KundeThis is wonderful! All five of the stories are very descriptive, have lots of action, and just really make you feel like you are doing what the character you're reading about is doing.This book is a collection of five short stories about the six bounty hunters that Vader sent out to find Han Solo. The five stories are the tales of IG-88, Dengar, Bossk, Zuckuss and 4-LOM, and Boba Fett.Each of the bounty hunters goes their own separate ways, trying to find Han Solo. Though they all want to find Solo to fill their pockets with money, each of them also has separate things to do, such as IG-88 controlling droid production, Dengar finding his true self through his cyborg mind, Bossk getting around Tinian and Chen, 4-LOM trying to take care of Zuckuss, and Boba Fett tracking down to find his enemy-and make himself be the eternal winner.I highly recommend that you buy this, because it truly is very good. Anyone who likes science fiction would probably really enjoy this.Also, this book did not get much attention when it came out, and it still doesn't get much. As soon as I found it sitting at a book store, I knew I had to get it. I had never heard of it before, I had never seen it before, and I had never seen a review of it before. Now, I love it. It really is good.

**Kurzbeschreibung**  
 In a wild and battle-scarred galaxy, assassins, pirates, smugglers, and cutthroats of every description roam at will, fearing only the professional bounty hunters-amoral adventurers who track down the scumof the universe...for a fee. When Darth Vader seeks to strike at the heart of the Rebellion by targeting Han Solo and the Millennium Falcon, he calls upon six ofthe most successful-and feared-hunters, including the merciless Boba Fett. They all have two things in common: lust for profit and contempt for life... Featuring original stories by Kevin J. Anderson, M. Shayne Bell, Daniel Keys Moran, Kathy Tyers and Dave Wolverton. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
