**Von Anastasia Vitsky : Taliaschild (Beyond Fairytales) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Taliaschild (Beyond Fairytales) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. What a wonderful taleVon Ni NaTaliaschild is the heartwarming story of Sonna, a poor girl, starving and living in dire circumstances, and Kira, princess of the throne of the realm of Heaven. The two girls meet once, which is when Kira gives the famous talisman to Sonna, and it takes another five years ere the talisman brings them together again, to

fulfill an old prophecy. The two main characters, Sonna and Kira, are as different as can be. Sonna is poor, ever since her father died she virtually cares for herself, is determined, intelligent but never had a chance in life. Her circumstances in life are heartrending and one reason why Sonna never gave up her humaneness must have been her intense encounter with Kira. She is a princess, cared for, well educated, spoiled and doesn't really understand what it means to carry responsibility. These two are bound together by common fate. They never forgot each other, and this is when ambitious Merda appears. I am not going to give away more, instead I recommend you read the book. I think it is wonderful. The plot develops swiftly, and due to the old prophecy, there is this sort of urgency woven into parts of the plot. In addition I experienced a kind of immediateness, which was due to the first person point of view used. I think the reason why this worked so wonderfully for me was that the author let Sonna and Kira express a certain kind of longing for each other. Especially with Sonna this urge to find Kira becomes stronger, even if she cannot give the power behind it a name at first. Then again, there are important moments which feel as if time was standing still for Sonna and Kira, maybe like a snapshot. I completely went for these moments, oh, especially towards the end of the story. Yummy. I loved this story. I enjoyed the original fairy tale of the Snow Queen as a child, so reading Taliaschild was something I was really looking forward to. And the effortlessness (and freshness) with which Anastasia Vitsky turned this into such a new and wonderful tale, without losing the original motif, is amazing. You don't need Taliasman to get right into the plot of Taliaschild, though the first book is one that I also enjoyed a lot. So, if you like the Snow Queen motif, in a very different, rather dusted off version, f/f stories, two young women discovering their first love, and a little bit of spanking then this is definitely a book for you! 5 stars.

**Kurzbeschreibung** Six years after the mysterious talisman brought Queen Vina to Talia, it chooses a new owner in Sonna, a child of the streets. Unprotected by her amputee father and beaten by her mother for failing to bring home scraps for the family to eat, Sonna runs into the self-assured Kira, daughter and heir to Vinas queendom. Weary of endless rules and duties involved in training to become the future queen, Kira leaps at the chance to escape with a new friend. When she places the priceless talisman around Sonnas neck, neither can remove the jewelry. Alarmed at Kira losing the talismans protection, Vina and Talia take drastic steps to protect the princess. In the process, the entire earth descends into chaos. Five years later, nineteen-year-old Sonna forages for two-day-old fish heads while dodging street pimps. The talisman leads her to the mysterious Nicodemus, who offers one command: Go to Kira. She needs you. Baffled, Sonna embarks on her journey. What can a pauper offer a spoiled princess? Will the street child end up surprising them all?
