Von Cait London : Tallchief: The Hunter (Mills Boon Desire) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tallchief: The Hunter (Mills Boon Desire):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great bookVon Detra FitchAs teenagers, Adam Tallchief and Jillian Green had one wonderful month together before their lives fell apart. Each blamed the other for ruining everything. Now after over twenty years, Jillian and Adam meet again.Adam went to Wyoming to be reunited with his long lost brother, Liam, and meet the entire (huge) Tallchief clan. Proud in their Scottish and Native American heritage, the clan immediately accepted Adam into their midst. It was only a short time until he learned that the clan had accepted Jillian into their town shortly before. Adam had to go make sure Jillian had no plans to harm his family out of misguided revenge.Jillian had fallen in love with the Tallchief family. Only Adam, the drifter, was an exception. She had to make sure Adam had no plans of letting everyone get

used to him being there and then suddenly disappearing, hurting them all. She was now a graphic designer. She needed a week more to finish her project. That would give her time to deal with the problem. However, while Adam and Lillian clashed in their own passionate storm, Adam also had to deal with WHY he and Liam had been separated.**** An excellent story that spotlights two very strong-willed characters. I could almost see the lightning flash between these two when their tempers ignited! The problems seem overwhelming, so there will be no dull moments within these pages! Recommended!

KurzbeschreibungFor two decades, Adam Tallchief's heart had insisted on no other woman but Jillian O'Malley. Now his first love had returned to Amen Flats, but not to kiss and make up. Jillian was on a revenge mission to destroy the Tallchiefs, and Adam was bent on derailing her. But one look at his lost love, and fierce wanting surged; brooding Adam battled an immense desire to kiss the lips that had once trembled beneath his. Instincts told this ultra-masculine hunter that Jillian was destined to be his Tallchief bride. Now he had only to convince the spitfire that he was not her enemy but her answer to everlasting happiness!
