KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Taming Blake....Von Micwell it was an ok read I would say. A more or less sophisticated story.If you are in the mood for a bit steam...go for it...otherwise the story is justunrealistic. Jessica goes to a party of the man she is working for ...gets

naked ... is cheating on her boyfriend...and just suddenly a relationship develops between the boss and her...but out of nowhere... and the connection which you usually can feel between two characters in a book is not there...attraction yep...that for sure but also a bond...hmmmmaby it is necessary for the story to develop that you will have to read the other books too, but just this one book is hardly fulfilling a whole story...too fast and way too less details for the background..Just 3 stars because the story did not convince me.

And as this secret world unfolds before Jessicas very eyes, she finds herself falling further and further under the spell of this intense and complicated man ... She returned to England to study, and has settled in London, where she loves the history, the culture and the tea. Maybe not the rain though. Charlotte still visits New York as often as she can to shop until she drops.
