Von Malcolm Macdonald : Tamsin Harte (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tamsin Harte (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great relationship drama Von Ein Kunde Life dramatically changes for Tamsin Harte and her mother following the death of her wealthy father because their shipping company goes bankrupt. The Hartes fall from grace, or at least the upper echelon of society, when Tamsin realizes she no longer has the pick of any eligible males in her Cornish village. To bring in income, the financially scrapped Hartes open up a boarding house, which further alienates their so-called society friends. Tamsin actually takes to their new business as if she was born to manage a boarding house and soon dreams of opening up a new hotel. Still, in spite of their new status, Tamsin decides that fellow blue blood Victor Thorne would make a suitable spouse even if he is spoiled and a bit of a snob. Likewise, her brain finds hotel owner

Standish Coverley as the ideal husband. However, her heart chooses fisherman David Peters, who she believes would be the worst choice for her. Will her heart, her brain, or her upbringing choose her husband for Tamsin? TAMSIN HARTE is a warm historical fiction that makes 1900 Victorian England feel as if the reader is observing its' activities first hand. The exciting story line centers on Tamsin and her new status and relationships with people and business. The wealth of detail adds to the texture of the tale as Malcolm MacDonald discerningly interweaves tidbits in the plot. The secondary cast enlivens the novel and in some ways, though their appearances are brief, is much more interesting than Tamsin's retinue of followers. Mr. MacDonald paints a charming novel that shows a strong woman overcoming the rigid chains of society. Harriet Klausner

Kurzbeschreibung Come down in the world? Welcome to the solid ground! When her husband dies and she is forced to take in paying guests, Harriet Harte feels she has come down in the world. For her lively and forward-thinking daughter Tamsin, however, their lapse from Society is a welcome release. No more tiresome balls, supper parties, and musical evenings for her; instead she is free to concentrate on her main ambition in life: to restore the family's fortunes by becoming Penzance's principal hotelier. There are, of course, obstacles in her path, such as the dashing and attentive Standish Coverley, who already is the town's leading hotelier. Is Tamsin to succeed at the expense of a friend and devoted admirer? There is also Victor Thorne, a handsome dilettante who makes no secret of his interest in her, to the fury of his protective and scheming mama. And then there is Newlyn fisherman, David Peters, last surviving son of local character Captain Benny Peters. All he can offer is his skill as a smuggler and the lobsters he sometimes catches by accident. Small wonder that Tamsin prefers to keep her thoughts strictly to matters of business until some surprising revelations about all three of her admirers compel her to consider them in an entirely different light. When this book was published by St Martin's in New York and Piatkus in London, in 1999, it attracted the following notices: * Set in a Cornish fishing village at the turn of the last century, Macdonald's latest historical romance evokes the moment when England's rigid class structure first began to loosen and the upper classes began to reconsider their conventional injunction against the self-made man, or, in this case, woman. ... There is plenty of social intrigue and high adventure, including brandy smuggling ... fine dining and skinny dipping. Delightful descriptions of Victorian-era practices ... add historical color. Macdonald tells a lively and engaging tale. Publisher's Weekly * The heroine of the prolific Macdonald's latest historical novel is a feisty young entrepreneur corralled into running a bed-and-breakfast with her mother after her beloved father's death. ... No matter what she gets up to, [she] retains her light-hearted innocence and joie-de-vivre. Booklist. And of Macdonald himself: * He is every bit as bad as Dickens Martin Seymour-Smith
