Von Cindy Dees : Target (Athena Force) before purchasing it in order to gage whether or not it would be worth my time, and all praised Target (Athena Force):

KurzbeschreibungSomeone was trying to assassinate the president of the United States, and only army intelligence captain Diana Lockworth had the ability to stop themif she could convince the authorities she wasn't a crackpot. It didn't help that her intel came from a source so secret even she didn't know who it was. With only twenty-four hours to stop the attack, she had to figure out who was masterminding the plot and when they planned to strike. First, she had

to get the charismatic young president on her side. And then she'd give the enemy a new target herself!
