The kind where you can forget the world for awhile. I found it not only suspenseful, but also full of humour. I was fascinated by the insights into Indian life, and the descriptions of nature. A captivating story that stays in your mind long after you've finished reading it.

KurzbeschreibungTatanka - Spirit Walker is a historical adventure story at the beginning of the 19th century about, Bright Heart, a Nez Perce maiden and Tatnka Njin, the son of a Scottish explorer and a Lakota mother. It is also a bitter-sweet love story about a man who must overcome old memories to free his heart from an unbearable grief and a strong-willed young girl experiencing her first love. Feeling responsible after his wife's death, Tatanka lives a life of solitude in an isolated valley. Then, one day, when he leaves the valley to hunt, he sees a group of Atsinas, returning from across the Shining Mountains with a stolen herd of Appaloosas--the famous spotted horse of the Nez Perce. Also with them was a bedraggled looking female captive, doing her best to keep her head up.
