Von Ally Adams : Team Toms (The Saints team Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Team Toms (The Saints team Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mmmmh, Toms - mi corazn.Von ink.eaters book blogMmmmh, Toms - mi corazn."I'll remember [you] until my dying breath", too.Yellow Card, Red Card, V-Card... wait, what?! - Here comes [no pun intended... *cough* ...] your sensual latin lover number one, Toms Carrera. On a motorcycle. And with an accent. I guess I can't be sure if my reading

devices kept overheating because of the weather, or if it was Toms! Either way, you're in for a big treat. The story of Alice and Toms is heartwarming, yet also heartbreaking, and not to forget heart-mending, while Toms himself is sexy, steaming, and sensual, without being all too smug about it. "Team Toms" is definitely different from "Team Lucas", part one in the Saints series, but I love it just the same. Personally, I have never been the biggest fan of soccer, and I had never thought I would ever fall for boys who play with balls, but thanks to Ally Adams I will most probably be adding a whole team to my list of book-boyfriends... and speaking of the team - I really hope we'll get a book about The Russian, who seems really fun and entertaining, and I honestly cannot wait for the next installment in the series, in which we will be meeting German Nik up close and personal. But I am getting ahead of myself here... While the story of Toms and Alice is one that isn't off to the best and easiest start, bearing conflict and obstacles, it is certainly a very hot one - yet, the outside world is not forgotten, and the novel also beautifully underlines the importance of both family and friendship. Full of interesting, well-developed, fun-to-meet characters and a great story all around, "Team Toms" is a book I am sure you will not be disappointed in - especially if you've enjoyed reading "Team Lucas"! As I have mentioned before though, "Team Toms" is very different from the first book in the series, and it was amazing to see how diverse Ally Adams's writing is. She has managed to publish two books on the same day, not only written from different point of views that are very easy to tell apart, but also setting extremely different tones and creating explicitly dissimilar atmospheres. I am looking forward to seeing what places Ally's future writing will take us, and what characters she will be giving us the pleasure of meeting. *** I received an ARC from the author, in exchange for an honest review! ***

Kurzbeschreibung III remember, until my dying breath. Toms Carrera didn't expect Alice Peterson to rock his world. Growing up with a single mom and as the eldest of five siblings, Toms has had to be responsible all his life. Now his super star soccer status has provided for his family and allowed him to let his hair down and that's just what he's doing. Signed to the Santa Ana Saints, Toms is catching up for lost time with fast women, a fast Ducati motorcycle and a bevy of adoring fans. That is, until he loses his heart to Alice and is torn with wanting her and his independence. Next in the series: Team Niklas
