KurzbeschreibungLenny is a consultant for his own business firm. He has money, prestige, and everything going his waythat is, except for Regina, who is a nurse at the hospital and also his drop-dead gorgeous wife! For some reason, when they married over two years ago, she had wanted all of his credit cards, checking account etc. to be put in her name. Lenny is a wise businessman but lacks the power to get out of a paper bag when it comes to dealing with Regina! She claims she has a right to go out with other men, which she freely does, but throws a fit when she catches him playing a virtual reality computer game with only a picture of a woman on it! She takes a closer look and finds out that he is fantasizing about being a sissy slave to that woman! Even though the woman doesnt exist, Regina says that he is cheating on her and has a chastity device installed on him! Lenny would be the first to admit to you that he is a sissyboy at heart. Like most men, he loves being around women; but he also loves womens clothing, their makeup and all things feminine! In fact there are times in his life when he believes that he should have been born a woman instead of a man. Realizing just what a sissyboy he really is, his wife determines to make his sissy slave fantasy a reality! She throws all his manly clothes away, forces him to dress like a woman and even makes him wear lipstick and makeup! He fusses for a bit but deep inside he loves it! Then she sends him to Mistress Ramonas Makeover and Beauty Shoppe and the real humiliation begins! F/M, M/M. Book 1 of 4.KurzbeschreibungLenny is a consultant for his own business firm.
