way you will understand the powers the character has, why she has to have a black ring, along with why her spiders have to be with her, why she is investigation a certain family and why she has feelings for Connor. It all comes together perfectly. The book is pretty much fast paced from the get go. Sara is undercover trying to figure out a way to destroy her ex-boyfriend's family and his crime organization. The only thing is she does not want her ex-boyfriend to figure out she is alive as she is suppose to be dead. Sara pretty much has went with the name Sally Jablon but will Connor know exactly who she is by the end of the story? While Sally or Sara whatever you want to call her is busy investigating she is also trying to help Wendy who knows she is not suppose to use her Tegen power for revenge. It seems that Sally/Sara has her work cut out for her. While balancing the act of undercover and babysitting a Tegan who might be breaking the rules. There is plenty of action, the plot line goes at a steady pace which is awesome. We also learn of Tegen enforcers which I think are pretty cool in this world of people having spider like powers. I do hope there is a book three as I want to know what exactly will happen to Sara/Sally when she returns home. 0 von 0 Kunden fanden die folgende Rezension hilfreich. thrilling Von reader3278A fast-paced, thrilling paranormal read. I recommend you read the first book to get the most out of this series, to gain a better understanding of the world the author has created. Arachnophobics might feel a little squeamish, but I found it delightful. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A super-girl meets her match Von Convoke "Tegen Justice" by Inge-Lise Goss is Book 2 in the Tegens series. I received an ARC of this book in exchange for an honest review. To explore the Tegen concept in depth, read book 1. In Book 2, Sara Jones embarks upon her new Tegen existence by setting out to destroy an organized crime empire. A daunting task, but now, as a Tegen, the transformed girl has arachnid-like climbing skills, a raft of poisonous needles, and healing ability. These come at a price: she must continually feed on blood and flesh tainted by the deadly Tegen spiders. Thus armed and under an alias Sara tracks her chosen victims, but along the way encounters her former lover who also has acquired Tegen skills but isn't playing by Tegen rules. Repercussions follows as Sara tries to outwit her ex-boyfriend, along a trail of death and mayhem that leads to Baton Rouge Louisiana and beyond...

Kurzbeschreibung After embracing her new Tegen existence, Sara Jones is determined to destroy her ex-lovers organized crime empire, one link at a time. Along with her newly acquired skills of spider-climbing agility, self-healing powers, and the ability to eject poisonous needles came the haunting need to consume blood and flesh tainted by Tegen deadly spiders. Armed with her skills and using the alias Sally Jablon, Sara has tracked some nefarious associates of her ex-lover to Baton Rouge. But before she can fully execute her plan to wipe out that criminal element, she is faced with her former lover, an out of control Tegen, and the repercussions of disobeying Tegen rules. Death and mayhem ensue as Sara tries to outrun and outsmart an enemy she knows all too well.
