**Von Deanna DiLorenzo : Tell Me Again (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tell Me Again (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Very good sequel to "Tell me"Von Newwa EwwaRight after finishing "Tell me" I downloaded this sequel. The story picks up where "Tell me" ended, at the hospital where Meagan has to learn, that her previous accident left her paralyzed.

Once more she and her lover Amber have to learn how to live and love each other. Again I enjoyed the writing and excellent portraying of the characters. The only reason I give the sequel "only" 4 stars is, that I perceived some twists a bit "over the top". Yet I enjoyed this book as much as the first part. A well written book and very good read.

Kurzbeschreibung Meagan Summers had it all she was young and pretty, a successful businesswoman with a skyrocketing career in magazine publishing, and a baby on the way. Until, one night, she lost it all in a devastating accident that terminated her pregnancy and left her in a coma, paralyzed from the waist down. Tell Me Again follows Meagan's meandering, difficult journey to recovery, as she struggles to overcome obstacle after obstacle addiction, paralysis, and a fragile, sometimes volatile, relationship with her soul mate, a beautiful poet named Amber. Along the way, Meagan begins to discover that fate has much more in store for her and Amber. Curious echoes from her time in a coma begin to appear strange premonitions and dreams, half-formed memories of a mysterious place called the Realm, where life and death hang in a fluid, shifting balance. Fate has one more big challenge for Meagan a challenge that will test her, and Amber, in ways they can't even imagine. Tell Me Again picks up where Tell Me left off. It is a story of resilience in the face of overwhelming obstacles, a story of pain, friendship, forgiveness, and, most of all, love that will leave you guessing and gasping at every turn.
