Von ELWOOD
Ich habe das Buch im englischen Original gelesen. Zu Beginn musste ich mich ber den Berg der Akzeptanz fr die arg konstruierte Szenerie heben, in der It's-man aus dem MP-flying-circus ebenso vorkommt wie die tolle Schwester des Protagonisten, die 100Mio Dollar verwaltet, ein tolles aber lesbisches Model, Bruce Lee (hey...wo ist der show down zwischen Bruce Lee und Csars Sohn Brutus, der auch vorkommt), der allmchtige Pimp, der Buddybuddy mit dem Protagonisten ist ... hallo? Dies einmal geschafft und akzeptiert, geht es munter und abwechslungsreich weiter. Es macht dann richtig Spa zu lesen. Die Auflsung des ganzen Kuddelmuddels kommt dann in einem Schwung als Erzhlung. Der Leser ist hier einsamer Konsument und mindestens von der Form enttuscht. Und wenn man dann den Twist am Ende nimmt und mit dem Wissen das Buch nochmal liest, dann ... So richtig glaubwrdig sind lediglich die Einwrfte "aus dem Leben eines Kinderarztes". Das ist die Profession der Ehefrau des Authors. Daher ... Alles in allem... gute Unterhaltung fr zwei Nachmittage. Aber nix Ergastisches, was man wieder und wieder lesen muss.
EB3 von 3 Kunden fanden die folgende Rezension hilfreich. Unglaublich..
Von Ein Kunde... spannend, packend, mitreissend, fesselnd, frei erfunden und doch echt, so laesst sich das Meisterwerk von Harlan Coben aus meiner Sicht am praeignantesten beschreiben! Es haelt fuer den atemberaubten Leser auf jeder (!) einzelnen Seite unerwartete Wendungen und Details bereit, die selbst den ausgeschlafenen Dedektiven immer gespannter weiterspekulieren lassen! Ich hatte Muehe damit, das Buch aus der Hand zu legen und nahm es ueberall hin mit, nur um jede Minute, die mir zur Verfuegung stand, darin weiterlesen zu koennen - so etwas ist mir selten passiert!
2 von 2 Kunden fanden die folgende Rezension hilfreich. Solider Thriller
Von Miezekatze
Becks Frau Elizabeth wurde vor 8 Jahren ermordet - und nun erhlt Beck emails, die nur von Elizabeth stammen knnen, whrend er selbst in Verdacht gert, der Mrder seiner Frau zu sein... Harlan Coben glntz mit berzeugenden Charakteren; besonders Beck und Shauna kommen sehr gut rber. Etwas weniger gelungen ist die Story, die ab und zu wirklich berkonstruiert und wenig plausibel erscheint. Aber wegen der guten Figuren und der gelungenen Dialoge macht es trotzdem Spa, das Buch zu lesen. Solide, gute Unterhaltung, aber keine Extraklasse. 4 Sterne.

Kurzbeschreibung
For Dr. David Beck, the loss was shattering. And every day for the past eight years, he has relived the horror of what happened. The gleaming lake. The pale moonlight. The piercing screams. The night his wife was taken. The last night he saw her alive. Everyone tells him it's time to move on, to forget the past once and for all. But for David Beck, there can be no closure. A message has appeared on his computer, a phrase only he and his dead wife know. Suddenly Beck is taunted with the impossible -- that somewhere, somehow, Elizabeth is alive. Beck has been warned to tell no one. And he doesn't. Instead, he runs from the people he trusts the most, plunging headlong into a search for the shadowy figure whose messages hold out a desperate hope. But already Beck is being hunted down. He's headed straight into the heart of a dark and deadly secret -- and someone intends to stop him before he gets there. From the Hardcover edition..
deIn Tell No One, Harlan Coben, the author of the popular series starring sports agent Myron Bolitar (Darkest Fear et al) has created a protagonist who shares many of Bolitar's best qualities--David Beck is a decent, generous, gentle guy whose loyalty to those he loves is unquestionable. So when he discovers that people he was close to may be responsible not only for his wife Elizabeth's murder but also the "accidental" death of his father, Beck's sense of betrayal is as understandable to the reader as his uncharacteristically violent reaction. Beck has rebuilt his life since his wife's murder eight years ago, finishing medical school and establishing himself as a paediatrician, but he's never forgotten the woman he fell in love with in second grade. And when a mysterious e-mail arrives on the anniversary of their first kiss, with a message and an image that leads him to wonder whether Elizabeth might still be alive, Beck will stop at nothing to find the truth that's eluded him for so many years. A powerful billionaire is equally determined to make sure his role in her disappearance never comes to light, even if it means destroying an innocent man. Coben is a skilful storyteller with a gift for creating likeable characters caught up in circumstances that illuminate their complex emotional lives and deep humanity. This should be the thriller that breaks this talented writer out of the mystery genre and earns him the recognition he deserves. --Jane Adams, .com.co.uk
Elizabeth was taken from David one night, tortured, killed and abandoned by the serial murderer known as KillRoy; he was left for dead. Eight years later, he gets an e-mail which leads him to a camera feed, and sees her standing on a street corner looking at him. And suddenly he is on the run, accused of her murder and of others, dependent on the whim of a violent pusher whose child's life he saved. Harlan Coben's new thriller Tell No One is a terrifying kinetic novel of abuse of power, false accusation and the things that go wrong with the most careful of schemes. David Beck is a memorable character-- a dedicated doctor whose mourning for his wife has gradually become itself a sort of paralysis, but who has a surprising resilience under stress; he has not got much going for him in the terrible situations in which he finds himself, but he makes ingenious use of what he has got. This is an intelligent thriller in which we get to watch suspect, police and some very unpleasant heavies chase each other around in impressively convoluted circles. Coben is one of the best multiple-bluffers in the business. --Roz Kaveney
