Entertaining contemporary romanceVon Ein KundeCallie Marshall returns to her home town of Moccasin Point, Florida to investigate her teenage buddy Dr. Jack Forrester. Cal's sister, attorney Margaret Crinshaw, hired her to look into a client's allegation that Jack mismanaged his mother's medical care. The client, local resident Grant Tierney accuses Jack of giving his mother a hallucinogenic drug as opposed to the antihistamine needed to stop a so-called deadly allergic reaction. Jack swears he is innocent and expects to win the malpractice suit.When Cal and Jack meet for the first time in fourteen years, sparks fly. However, Cal never forgave Jack for deserting her sister and her when they fled from their dictatorial home. Jack tries to explain that he was not ready for a commitment and that Margaret

may have been his girl friend but he was just graduating high school. As Cal conducts her sleuthing she wonders what the truth really is? Is her sister's client, who can make or break Cal and Margaret's careers, out for vengeance due to personal reasons? Or is Jack is an incompetent doctor whose medical practice needs to end? Too bad Cal has fallen in love again with her target. TEMPERATURE'S RISING is an entertaining contemporary romance that features two wonderful lead characters and several interesting support players. The story line is fun and moving. The villain lacks depth as his obsessive tendencies seem too obvious for a person so successful. However, what makes Donna Sterling's novel so enjoyable for category romance fans is the growing relationship between Cal and Jack that redefines the meaning of earth-coupled heated pumps. This book is great. I couldn't stop reading, and when it was over, I wished it wasn't. I'd love to know which other romance books are really good. If anyone has suggestions, feel free to e-mail me. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny, yet touching, and very very HOT! Von Ein Kunde Some of the scenes made me laugh out loud. Some got me choked up and almost made me cry. This author really brings across the feeling of falling deeply in love, with a very sexy man. I loved every minute of it.

Kurzbeschreibung BEDSIDE MANNERS AS A DOCTOR, HE KNEW HOW TO TREAT A FEVER EXCEPT IT WAS HIM MAKING HER TEMPERATURE RISE! Dr. Jack Forrester: He certainly wasn't your average surgeon Jack was laid-back, fun loving and the most eligible bachelor in town but everyone in Moccasin Point adored him. Well not quite everyone. Someone was out to ruin his reputation. Callie Marshall: Coming home to the Point was bittersweet for Callie fond memories clashed with her duty to dig up dirt on the local doc. Even more disturbing was her heated reaction to Jack. Her old buddy had grown into an incredibly sexy man with a wonderful bedside manner. But Jack was off-limits to her!
