Great concept, but a mean leading lady could spoil your fun.Von Ein KundeI loved the concept of this book and thought the writing good in and of itself. However, I found the character of Missy, who is described as being a spoiled brat, just plain mean! It seemed every time she opened her mouth she was calling someone a name or just being rude. Even after she started thinking how bad she felt about the way she was treating her "new" friends, she continued to act the same

way for awhile! She, of course, redeems herself in the end but I wish her character had been handled a little differently. Melissa was better, but she was so extreme the other way that she was still afraid of getting in a car after several months! For the most part, it was a good read. If you find Missy to be "spirited", "sassy" and "spoiled" instead of just plain mean, you'll probably enjoy this book much more than I did. 3 stars is the best I can give it.0 von 0 Kunden fanden die folgende Rezension hilfreich. Beautiful!!! A must readVon Ein KundeIt is one of the best novels I have read until now. I could not put it down - it was so exciting. It is romantic and fun. I like Fabian and Missy best - they are both so sure of themselves and so strong. Melissa and Jeffrey are slightly too weak for my taste but as a whole the book is so original so well written that it does not matter. I have already read it hundreds of times and the book has made the round of all my friends who just loved it. Do not miss it!
