**Von Caridad Pieiro : Temptation Calls (Mills Boon Intrigue) (The Calling, Book 3)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Temptation Calls (Mills Boon Intrigue) (The Calling, Book 3):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The saga continues.Von Detra FitchSamantha Turner looks young, frail, and sweet. In truth she is ancient, strong, and extremely deadly. Samantha is a vampire. She wants to be mortal or at least pass for one. Since she moved into the neighborhood and opened The Artemis Shelter (a halfway house where women and children can heal and find a way out of abusive relationships), crime drastically reduced. The people that live in the area believe Samantha is, somehow, responsible for all their good fortunes. They don't know how right they are! Samantha only ventures outside during the day whenever the sun is weak. At night she patrols the neighborhood, going rooftop-to-rooftop, helping people and

stopping crime. Then came a drive-by shooting. Samantha's speed let her save three of the children, even though she took two bullets herself. This could not be covered up. Others were dead in the street or wounded. Police and paramedics would come. Mortals who would ask questions that she dare not answer. Detective Peter Daly did not believe Ricardo's story. Ricardo claims to be the sole witness. But evidence points to Samantha being the witness instead. Why would they lie? What are they hiding? Samantha and Peter find themselves attracted to each other. Samantha knows she should get rid of Peter, yet she is drawn to him. Then her vampire friends begin disappearing.\*\*\*\*\* This series may be in the Silhouette line, but it is anything but normal. "THE CALLING" is a vampire series unlike any I have read. In 3/04 the series began with "Darkness Calls". Fans yelled for more. So in 6/05 "Danger Calls" was released. This story is the third in the series. Don't worry, each book can easily stand alone. You have no need to read the previous novels to fully understand and appreciate this one. Yet I recommend that you do so. Characters from earlier books show up to assist the new characters. Author Caridad Pieiro writes engrossing novels of the darker side of life. Sometimes I wonder if the author writes in blood, because the story simply oozes with realism. I often forget that vampires are not real. This is an outstanding tale that I highly recommend to all.

KurzbeschreibungShe'd once been a victim to the cruelty of men. Now she was a vampire. As lives went, both of hers had sucked. At least when it came to the opposite sex. So New York City vampire Samantha Turner vowed to spend her immortal life protecting the helpless and shielding herself from the violence of men's passions. Then she met NYPD detective Peter Daly. His lust for life, for justice--for her--was a temptation she couldn't deny. It was enough to lure her out of the darkness and into his embrace, for a little while, enough to make her trust him when an old evil reemerged. But would it be enough when she at last revealed her true nature?KurzbeschreibungShe'd once been a victim to the cruelty of men. Now she was a vampire. As lives went, both of hers had sucked.
