Vaughn Reviewed by: Stephanie Jordan Here is another Series by Ms. Vaughn that's to die for. As I kept reading her pen just flowed through each page and every chapter, making me fall in love with the characters. Annie Le Roux of the Le Roux Clan was widowed now for two years from her true mate Kyle who was killed with her father when fighting broke out with the Veilleux Clan. But the Fates had other plans for Annie. Tristan and Isabelle De Rozier were twins, also Polar Bears. Tristan being the Alpha of the now small De Rozier Clan. Everyone is suspicious of the twin, they feel they are not telling them everything. Are they planning something? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Annie Le Roux - Tristan De Roziers so hot he might be the reason his glaciers melting under his polar bear feet. But he turns mate attraction into a curse when his very presence makes my blood boil in anger. Figures hes my true mate. Isabelle De Rozier When a polar bear clan lives in fear of extinction its easy to make a deal with the devil and move to Maine. Tristan and I didnt count on discovering the woman that well betray is also his true mate. This changes everything. After a lifetime of Tristan taking care of me, now its up to me to take care of business.
