Von Simon Wood : Terminated before purchasing it in order to gage whether or not it would be worth my time, and all praised Terminated:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great Fast FoodVon Patrick GoettingDas Buch ist pure und kurzweilige Unterhaltung. Die Charaktere sind im Rahmen der Geschichte glaubwrdig ausgestaltet, was einem mehr als ausreichend Gelegenheit gibt mitzufhlen oder zu -hassen. Auerdem sind neben den Charakteren auch Orte und Situation sehr gut beschrieben, was gut den Bildentwurf im Kopf

unterstützt. Besonders positiv ist das andere Setting Arbeitswelt und der damit verbundene Gang der Geschichte. Endlich ein Buch, in dem nicht irgendwelche bezeichneten Supercharaktere, selber schwerst durchs Leben gezeichnet, irgendwelche noch schwerer verstümmelten und sonstwie zugerichteten Leichen finden. Wer in der Lage ist einige Logikrten zu schlucken bekommt hier einen wirklich unterhaltsamen Pageturner in einem frischen und unverbrauchten Setting. 0 von 0 Kunden fanden die folgende Rezension hilfreich. super, suspense, dont read for bed Von kiki Simon wood book are allaway 4 to 5 sterne good krimi suspense, n wait for the next you will enjoy

Kurzbeschreibung Stephen Tarbell needed that promotion. But they had to go and give the job to his supervisor, Gwen Farris. Now Tarbell has had enough and hes about to put Gwen on notice. She has two choices: give him a glowing review on his performance evaluation or suffer the consequences. Gwen has already survived one violent attack, fifteen years ago. But even that experience couldnt prepare her for Tarbells relentless fury. Pulling a knife on her was just the beginning. Like a sadist peeling the wings off a helpless fly, Tarbell is determined to pick apart her life using every means of physical and psychological torment. The companys security firm says theyll handle the situation, but whose side are they really on? And how do you stop a psychopath so consumed by hate he thinks hes the one being persecuted? An ominous thriller set in a world where workplace insecurity meets violent obsession, Simon Woods Terminated grabs the reader by the throat and never lets go. Having dealt with dyslexia from an early age, Wood has been met with rave reviews for his previous publications, including Working Stiffs, We All Fall Down, Paying the Piper, Dragged into Darkness, Asking for Trouble, and The Fall Guy, among numerous others published under his horror pseudonym, Simon Janus. Originally from the UK, Wood moved to the US in '98 to share his world with his American wife, Julie -- and a longhaired dachshund and four cats.
