Beautifully written post Civil War love storyVon LaylaReaderThe quality of writing in 'Terms of Surrender' raises it above most romantic fiction.The setting is after the Civil War with all the aftermath of loss, suffering and confusion.Captain Michael Cantrell is a young man whose experiences as a Confederate officer have aged him before his time. He has lost everything he once held dear, including his family and his home. He has travelled since the end of the war looking for a new beginning and a purpose in life.Annie and her young brother Robbie are running their small ranch and raising horses alone in a hostile environment, having lost their last remaining family member to an Indian attack. Their most deadly enemy however is a local Colonel who wants their land at whatever cost.Mike and Annie are brought together when he risks his life to save her and Robbie. He is gravely wounded in the process and they take him home to try to save him.The story is full of detail and drama. Several events threaten their safety and future. In addition to external dangers, they face their inner nightmares and the memories that imprison them, especially Michael.The love that develops between Annie and Michael is tender and touching, a healing force that drives away the pain of the past. Robbie is also a great character, helping to fill the huge void in Michael after the loss of his own young brother Gavin on the battlefield.The secondary characters add interest, from the dark, cruel Skinner, the scheming Colonel and his daughter through to the `Yankee' soldiers at the fort and Mike's old friend the Major and his wife. There is also humour, such as fun at the expense of Michael's southern accent and ways.The story is about the healing, redeeming power of love after the chaos and pain of war, not simply in the relationship between Annie and Michael, but also in bridging the divide between north and south.

KurzbeschreibungThe War Between the States not only destroyed all Michael Cantrell loved, it left the young, former Confederate cavalry officer without faith or hope, a solitary, haunted man trying to escape his demons in the vast western frontier. Then, one spring day along the Wind River, he finds himself suddenly in the thick of another life-and-death struggle - Annie Devlin's war.Desperate to hang on to her ranch and her life, waylaid by gunmen hired by a powerful rancher who covets her land, Annie and her young brother, Robbie, fight a furious, rapidly losing battle for their lives.When all seems lost, into the fray steps a cold-eyed, steel-nerved stranger - Michael Cantrell - who saves Annie and Robbie, but is himself grievously wounded.With Annie's care, Michael recovers not only his strength but a portion of his embittered soul as well. Fighting his powerful feelings for her, convinced he has nothing to give, Michael determines to stay with the Devlins only long enough to ensure their safety against the treachery that would destroy them.Reluctantly, Michael, who for years has known only loss, allies himself with a stubborn, courageous young woman who will take his heart by storm and test the limit of his honor, his courage - and his passion.A winning MEDALIST in the 2014 READERS' FAVORITE INTERNATIONAL BOOK AWARDS and a FIRST PLACE WINNER in the 2014 LARAMIE AWARDS, TERMS OF SURRENDER takes the reader on a stirring adventure that is also a heartfelt, emotional journey.KurzbeschreibungThe War Between the States not only destroyed all Michael Cantrell loved, it left the young, former Confederate cavalry officer without faith or hope, a solitary, haunted man trying to escape his demons in the vast western frontier. Following graduate school at Northwestern University, she began a career in education that included teaching art to 4th graders, drama to 8th graders, and finally, math to high school students (if anybody loses asymptotes, she can probably find em...). Shes a three-time winner on Jeopardy! (despite forgetting the chemical symbol for sulfuric acid oh, wait she never knew that in the first place), has shepherded wide-eyed foreign exchange students along Hollywood Blvd. (As many stars and lunatics as there are in the Heavens), and happily curried and shoveled as a ranch hand at Disneylands Circle D Ranch. And always, she writes. Lorrie has won a Presidential Commendation for Excellence in Teaching Mathematics. Shes been a Renaissance nominee for Teacher of the Year and a finalist for the Orange Rose Award in romantic fiction. Shes never

won the lottery, except where her family is concerned. For her, they're the ultimate prize.
