Kurzbeschreibung No one is better than Kate Bennett at playing by the rules because no one has quite her knack for running into bad luck. Orphaned while in college, Kate handled her loss by graduating with honors and acquiring a secure job and a dependable boyfriend. But now, with her thirtieth birthday around the corner, Kate decides its time to shake things up. She quits her job, breaks up with her long-term boyfriend, and U-Hauls it across the country for her first year at Tulane Law School. Too bad nothing in the Big Easy is quite so easy. Before she knows it, Kate finds her life turned upside down by a notoriously sadistic professor, a larger-than-life new boss and two interested men who are sure that shes The One. But can either of the men in her life really know Kate, when shes just getting to know herself? In a year of self-discovery, the most important lesson Kate may learn is that to change your luck, sometimes you have to change your mind including what you thought was your dream. From the Trade Paperback edition. From Publishers Weekly Kate Bennett, 29, is ready to chuck her staid life in Ithaca for law school at pre-Katrina Tulane, but a moving van mishap leaves her unprepared for the first day of the notorious professor Hoffman's criminal law class. His cringe-inducing close questioning leaves Kate a laughingstock, but not in the eyes of her quickly convened study group: the dramatic, blonde goddess Lexi; the married and affable Jen; goofy Addison; 19-year-old phenom Dana; and sexy Nick, who lives in her building. The situation with Hoffman escalates; ex-boyfriend Graham shows up to woo her back. After a brief respite, Hoffman unexpectedly takes over one of Kate's classes second semester, and things get progressively more complicated: Kate spends an intimate night with Nick, has to pick up the pieces when Dana starts to crack, and uncovers a dramatic secret about Jen all of which forces Kate to examine her commitments in love and law. Gaskell (She, Myself I) relieves the high school-like atmosphere with sharp dialogue and various forays into New Orleans culture. But the cast is largely schematic (even in crisis), and Kate's own dilemmas (law review, anyone?) are not compelling enough to raise the stakes.
