Definitely leaves you breathless!Von CassandraThis book comes with a WARNING! It should be taken serious! Read

it and read it again and if you aren't offended...then happy reading :) For me the blurb and the warning made the decision easy for me to buy it!Where to start??? This book left me so needy, so hot, so sweaty. It definitely left a strong impression. I was captivated right from the beginning and left myself asking a lot of times, if I would do it as well.The way it was written with the episodes was really good and the storyline easy to follow. I loved that it also showed a little everyday life on how to deal with lifestyle.Would definitely like to read more from Al Daltrey.

KurzbeschreibungAbby stood nervously before her Master in the classic submissive pose: fully nude, legs apart, wrists placed behind her back; deeply ashamed of her evident arousal. Worse, she had to recount in exact detail the proceedings of her last whipping. The whipping had been severe; as was the case with most of the clients she was commissioned to serve. These client appointments were scheduled a few weeks apart, in order that the welts, bruises and whatever other marks were left behind had ample time to heal. After all, each new client - whether male, female, a couple, or even a group - surely deserved a fresh canvas upon which to begin. Despite these harsh sessions, her body reacted like that of a wanton whore as she retold of the sadistic punishments and extreme sexual use inflicted upon her body.How far would her Master push her with these tests? How far would Abigail go? How many times could she stand before him blushing; yet with that unmistakable tingle? Their relationship was surely headed for a collision course. Or was it?Praise for Testing the Submissive:"The praise by others on Al Daltrey's work is absolutely accurate; Al Daltrey did not disappoint. The author did an AMAZING job in reflecting Abigail's POV. Although I have read quite a few BDSM books, Testing the Submissive surpasses the others." ~ 5 Stars Coast 2 Coast Book Besties"The story was very thorough and written with great detail. So much so, it almost puts the reader in the scene with the characters. This is my first time reading a book by AL Daltrey but it certainly won't be my last. Well done." ~ 5 Stars SheLoves2Read"The author does an incredible job at painting a picture in your mind. He describes everything in vivid detail and nothing is left to the imagination. His writing is clear and keeps the reader enthralled. I would definitely recommend this book!" ~ 4 Stars Bookaholic and More BlogThis story contains STRONG BDSM. Therefore, I never really had an interest to write for pleasure. When you do it all day, the last thing you want to do when you get home, is more writing. All the while, as my career progressed, so did my involvement in the BDSM lifestyle. This interest in kinky sex started in my University years. Like most men, I loved meeting women, and especially the occasional one who didn't mind being tied up, or blindfolded, or spanked. All sex was great, but kinky sex was more exciting, more exhilarating, and more fulfilling. Over the years I was lucky enough to meet my fair share of submissive women. And don't for a minute think these women were weak. Outside the bedroom they were confident, opinionated, gregarious and self-assured. However, inside the bedroom (so to speak) they wanted to feel the strong firm hand of a dominant man taking complete control. Eventually I found the perfect partner, and am happily in a relationship. One day, I flipped my laptop open, and to my surprise - I had an urge to write a BDSM story. Soon I

had 20 pages, then 40, then 60. The novel that resulted is pure fiction and more extreme than anything I'd subject a submissive to in real life. As many reviewers have said it's not for the faint of heart. That said, the reviews have been spectacular. This enthusiastic response fueled me to begin a second book. The next one will be written from the point-of-view of both the Dom and the sub, chapter by chapter. If you decide to read my book, or any of my future efforts, I truly hope you enjoy it.
