Couldn't put it down!Von Kindle CustomerThis is only the second book I have read by this author, but it certainly won't be the last. I also hope she continues the story of the family of brothers in the book along with the heroine finding her sisters. I very much enjoyed the personality of the heroine, not a clinging vine or damsel in distress that depends on someone else to save her.0 von 0 Kunden fanden die folgende Rezension hilfreich. An engaging heartfelt bookVon Bryan D. VanosdaleI have read several books by this author over the years. All I can say is that she really outdid herself on this book. I am sincerely hoping that this will be a start of a series of books about this family. This book deals with the aftermath of the Civil War and the devastation/destruction that followed. She is very detailed in her facts and interwoven in these facts is the gripping and turbulent story of two young people and their families. I read the book in day and a half. If you like this time setting then I would HIGHLY recommend this book.

Kurzbeschreibung Texas rancher and gambler Colt Morgan was searching for the gang that murdered his family when he found feisty Amelia Spencer, pinned beneath the man she had just killed. Although the act had been self-defense, Amelia feared that others would not agree and her only choice was to run for her life. When Colt Morgan realized her position and decided to rescue her, Amelia found herself galloping through the night with the handsome stranger. She felt safe at last as she fled the bloody scene with her arms wrapped around the man who vowed to keep her safe. But was she only fleeing from one danger only to land in the middle of another? Did she have any chance at all to forget her past and find true love in his arms?
