book in a great series Von KarliiiiI read all three books of the series and loved all of them. I loved that the author decided to really have a very peaceful story this time. the relationship between jady and phillip just gets better and there is no big break up scene or whatever, although there will be something huge happening in the end. The only thing I didn't really like was how Lori acted all the time, sorry but she was a real b\*\*\*\* all the time and that never changed, so I for one didn't get why Dani put a with her and it's always the three friends against Lori so that was a really weird turn in the story, but other than that it was a really great story (as usual )
