most hilarious short-story I ever read about Logan Steel,...Von Miki101.Micha ...but I suppose this one is for hardcore-fans only and its a bit of hard-boiled, too :-).Because just at the beginning the strangest couple of police investigators ever invented, Logan and Steel, awake with that 45 % hangover in a bed together and both are naked!That is the start of a rollercoaster ride of combinations only Stuart MacBride could have invented, in an Aberdeen on and shortly after Referendum Day. Will or will not the Scots regain their independence? Roberta Steel gets more and more drunk as the news come in - because she is absolutely PRO! And with the evening changing into night, and then into early morning, it becomes more and more clear that the Scots will not become "scot-free" in the nearest future. But a politician, a fervent promoter of the CONTRA-side, has vanished into thin air. Aberdeen's finest have to look for him in the darkest points of Granite City, where he last had been seen - in the company of two ladybirds working the night shift. And all the possible troublemakers crawl out from under their stones, just to add some spice to the yet complicated situation...As I wrote before - this short story will cause shrieks of laughter 'til You're weeping, if You are a fan of the Aberdeen-series. It is written in the typical style Stuart MacBride uses to tell us about the often more than abstruse adventures of the strange couple formed by Logan Steel. Especially the latter has no limits in this latest exit in the series - promoting with a bonus chapter the newest thriller *The Missing and the Dead* (Logan McRae, Book 9), coming out on January 15, 2015. I can only say that here everything depends on the fact - You like that pack of mad policemen and -women, or You can't suffer them. In the first case this is a must-read. In the latter - Ok don't buy it - period.And please remember ... I have warned You!0 von 0 Kunden fanden die folgende Rezension hilfreich. great funVon Kindle-Kundemost funniest crimestory i've ever read. couldn't stop laughing. so it's 6 stars out of 5!!! this Story could really only happen to Logan and Steel0 von 0 Kunden fanden die folgende Rezension hilfreich. netter ShortyVon -Kundewer Logan McRae mag, wird auch diese Kurzgeschichte mgen. KurzbeschreibungA brilliantly twisty, 80-page novella from the No. 1 bestselling author of the Logan McRae series. Including an extract from his new Logan novel, *THE MISSING AND THE DEAD*.Its the night of the big Referendum, and all Acting Detective Inspector Logan McRae has to do is find a missing No campaigner. Should be easy enoughBut, as usual, DCI Steel has plans of her own. As the votes are counted theres trouble brewing in the pubs and on the streets of Aberdeen.Logans picked up a promising lead, but all is not quite what it seems, and things are about to go very, very wrongPressestimmenPraise for Stuart MacBride: `MacBride is the natural heir to the late and much lamented Reginald Hill' Andrew Taylor, *Spectator* `MacBride is a damned fine writer - no one does dark and gritty like him' Peter James `Fierce, unflinching and shot through with the blackest of humour; this is crime fiction of the highest order' Mark Billingham `Some of the grittiest crime-writing in the field' Independent `Admirers of tough, modern crime novels will be in seventh heaven - or should that be hell?' Express `Ferocious and funny' Val McDermid `Hard-hitting prose with a bone-dry humour and characters you can genuinely believe in, Stuart MacBride's novels are a real treat' Simon KernickKurzbeschreibungA brilliantly twisty, 80-page novella from the No. 1 bestselling author of the Logan McRae series.
