**Von Agatha Christie : The ABC Murders (Poirot) (Hercule Poirot Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The ABC Murders (Poirot) (Hercule Poirot Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein Krimi voll psychologischer RaffinesseVon Rolf DickEine beraus interessante und psychologisch raffiniert eingefdelte Geschichte, in der selbst Poirot lange Zeit auf dem Holzweg wandelt und erst sehr spt zur Rettung eines Unschuldigen herbeieilen und den wahren Schuldigen entlarven kann. Ich habe den Romanb in deutscher und englischer Sprache

gelesen. Die deutsche bersetzung ist - wie die meisten bersetzungen der Romane von Agatha Christie - dem Original ebenbrtig.4 von 4 Kunden fanden die folgende Rezension hilfreich. The way all crime thrillers should be! Von Mark O'Neill This is my first Agatha Christie book and I wasn't disappointed. Christie holds the same lofty position as Sir Arthur Conan Doyle in that she can write a straight-forward no-frills crime thriller with believable characters and a credible criminal. In Christie's books, there is no sex, no shootouts with AK-47's, no bad language, no macho Americans with bad attitudes. You have the crime, the victim is revealed and then the police and private detective goes to work, aided by their faithful assistants. In this book - a serial killer is on the loose murdering people according to the letters of the alphabet. He is soon given the title of "the ABC Killer" and he torments Belgian detective Hercule Poirot by writing to Poirot several days before the murder and telling him the date and location of the next murder. Poirot arrives much too late to stop the murder from taking place and this makes him angry and determined to stop the murderer before he or she can kill again. The story has a really great ending - the twist to beat all twists! Lots of fun, well-written and well worth reading! 3 von 3 Kunden fanden die folgende Rezension hilfreich. Original entry in the Poirot series Von Ein Kunde The plot for this book could not be more unusual - a killer who selects victims in alphabetical order! There appears to be no connection between any of the victims other than that the first letters of their names form an alphabetical sequence. Can the killer be a madman and what is the reason for his fixation? Poirot as usual is the middle of things, since the killer keeps writing him taunting letters before and after each crime. But that is where the murderer has made a mistake because Hercule Poirot is determined to get to the bottom of this mystery... An excellent book that is well plotted and pulls the different threads of the mystery together much more logically than in some of Christie's other works. Another nice touch is the return of Captain Hastings from South America, just in time to help solve the mystery. I feel that Poirot is really at his best with Hastings around to serve as the perfect foil. Great fun and a holding read.

Kurzbeschreibung Agatha Christies world-famous serial killer mystery, reissued with a striking cover designed to appeal to the latest generation of Agatha Christie fans and book lovers. There's a serial killer on the loose, bent on working his way through the alphabet. And as a macabre calling card he leaves beside each victim's corpse the ABC Railway Guide open at the name of the town where the murder has taken place. Having begun with Andover, Bexhill and then Churston, there seems little chance of the murderer being caught until he makes the crucial and vain mistake of challenging Hercule Poirot to frustrate his plans. Pressestimmen There is no more cunning player of the murder game than Agatha Christie. (Sunday Times (London)) An entirely original idea. (Daily Telegraph (London)) Mrs. Christie has invented an entirely new plot for a detective story a difficult thing in these days; she is to be congratulated on the perfection of her invention. (The Times (London)) Her best yet. Where does she get hold of these brilliant notions? (Bristol Evening Post) Pressestimmen "There is no more cunning player of the murder game than Agatha Christie" Sunday Times "A masterwork of carefully concealed artifice! most stunningly original" Julian Symons
