in different views Von Claudia An easy to read English Novel about marriage and Adultery. Nicolas Sarah and Mal show the different aspects of Adultery, how it can happen and how all the different people in this network see this situation. This is the most interesting in this story.... to show the feelings and the inside of the people who are part in an Adultery. The betrayed wife, the adulterous husband and of course the spouse. Not very sophisticated, but easy and charming to read - not missing a lot of fun actually.

Kurzbeschreibung The Adultery Club: In an often grey world there are fifty shades of seduction. A wife, a husband, a mistress. Whose side will you be on? Life couldn't be happier for Nicholas Lyon, a divorce lawyer and contented husband of the beautiful Mal, a successful cookery writer and mother to their three gorgeous daughters. And then Sara Kaplan, a bright, vivacious young lawyer, explodes into his life like a sexual hand grenade. At first stunned and horrified by the extent of his attraction to her, a catastrophic event soon forces Nicholas to recognize his own mortality and throw caution to the wind. For Sara, what started as a harmless fling swiftly deepens into a painful battle for Nicholas's heart with Mal, who is not quite as preoccupied in her world of food and school runs as Nicholas had believed. But as Mal faces temptations of her own, she realizes she has to decide what she wants - and whether it's worth fighting for. From Publishers Weekly On the eve of his 43rd birthday, London divorce attorney Nicholas Lyon is still in love with his wife of 10 years, Malinche, and adores their three young daughters. He is surprised, then, to find himself immediately and intensely drawn to Sara Kaplan, the lovely young associate who has just been hired at his firm. Sara sees nothing wrong with acting on her lust for Nicholas; having witnessed her friends' complicated and painful entanglements with married men, she promises herself that she is only going to borrow him. In the chaotic aftermath of the London subway bombing, Sara and Nicholas begin what they fool themselves into thinking is only a brief affair, one that quickly spirals out of control. Stimson, a British TV producer and novelist who lives in Florida with her family, has an impressive ability to get inside the heads of Nicholas, Sara and Malinche in alternating first-person episodes. Uninspired plotting dulls some of the surprising emotional honesty, but Stimson's characters are complex and believable. (Jan.) Copyright Reed Business Information, a division of Reed Elsevier Inc.
