first two which are alluded to from time to time but you can understand it also on its own. The characters are nicely drawn and the detective is at his usual best. There are no gruesome details and - as in the first two books - a lot of confusion due to the different agendas of the various guests. A perfect read for fans of cozy mysteries. 1 von 3 Kunden fanden die folgende Rezension hilfreich. nur bei Schlafstrungen Von Geschichtenhrrer Der Autor hat seinen Lebensunterhalt mit dem Verfassen von "Mord ist ihr Hobby"-Drehbchern verdient. Und genauso liest sich dieses Buch. Dummerweise ist es aber nicht verfilmt worden, sondern wird als Roman verkauft. So qult man sich durch vllig belanglose Beschreibungen von Szenenbildern, die niemals zur Auffhrung gelangt sind. Und Dialoge, die in einem Theaterstck oder im Fernsehen gleichzeitig stattfinden, einfach nur als Plauderei, werden hier erbarmungslos aneinandergereiht. Es entstehen beim Lesen keine inneren Bilder, sondern man fhlt sich stndig in die Kulisse und die Dramaturgie einer B-Filmproduktion versetzt. Das ist keine Lektre, die man genieusst, sondern ein Text, durch den man sich durcharbeitet, in der irrigen Hoffnung, dass er nicht wirklich so banal sein kann wie es zunchst erscheint. Aber weit gefehlt: Vllig ironiefrei strickt der Roman billige Klischees zusammen. Zu Recht ist dieses Buch noch nicht ins Deutsche bersetzt. Nur fr die Leser, die bei starken Schlafstrungen gerne mal vlligen Unsinn lesen, um auf andere Gedanken zu kommen.

Kurzbeschreibung And then there were eight... Understandably, Lord Burford had some misgivings about hosting another house party at Alderley, his beautiful country mansion. After all, the previous two could at best be described as disastrous. But with family members travelling down for a relative's funeral, the Earl really had no choice but to offer them accommodation. It didn't take long for things to start going wrong. One of the guests claimed she had knowledge that would ruin the others' reputations, but luckily nobody took her seriously enough to take offence. At least, that's what they thought up until her body was found... Pressestimmen 'Had Dame Agatha not been sitting so securely in her chair I would have hazarded a guess that James Anderson - might be on his way to usurp her position in the hearts and minds of the whodunit-loving public' The Bookseller Kurzbeschreibung And then there were eight...
