**Von Alex DuBois : The Alpha's Baby: A gay mpreg shifter romance (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Alpha's Baby: A gay mpreg shifter romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Really enjoyable!Von EllyI don't find many e-books with topics like male pregnancy on . But when I do, I am usually highly pleased and this book is no exception! I am a huge sucker for gay stories and if it adds male pregnancy, fated mates

and shapeshifting? Hell yeah, sign me up. The story is very captivating and if it weren't for real life responsibilities, I'd have most probably read it in one go. While reading I was feeling a variety of emotions... sad, happy, angry, furious, worried, scared, shocked... And I definitely caught myself blushing during some specific scenes. Alex DuBois is a great author. However, there were a few typos and repeated words and sentences here and there, but not too many, so it definitely didn't disturb the reading experience. All in all, the book is definitely worth what you pay for it. So, if you are looking for a captivating story for lonely evenings with a nice cup of tea... I recommend this book.

Kurzbeschreibung When two separated best friends are reunited, passion flares between them ... When Jonathan left Bobby, they were both so very young. When he comes back, Jonathan is tough and battle-hardened from his time spent in the Marines. He's also undeniably an intensely dominant Alpha, though somewhat reluctant to take that role on for himself. Even the reluctant lone wolf Alpha can't deny the passion that flares between him and his best friend, the newly-awakened Omega. Bobby is stunned when he finds out that he's pregnant, but he is also surprised by just how much he wants it. Will Jonathan ever be able to really give himself to his fated mate? And what will happen when a dangerous new Alpha comes to town, intending to rip at the fragile bond between the two and claim the Omega for his own? The Alpha's Baby is a steamy gay mpreg romance between an Alpha and an Omega who are fated mates. It is a standalone with no cliffhangers and a sweet HEA.
