"Majulah Singapura" - Onward Sam Tay and Jake Needham!!!Von Miki101.Micha Those of You who have the fortune to travel around in Asia, especially in South-East-Asia, will often hear the not so very nice surname "Singa-Bore" given to this in reality very exciting city that is our beloved Singapore.Not for nothing the name means "City of the Lion"!And that describes it 100%ly - raving, full of pulsations and entertainments that maybe only a special kind of people is able to grasp...And now here is a writer who has captured all the Best of this enormous, full-of-life, melting wok city that is Singapore!!Ladies and Gentlemen, I have the honour to present to You: Jake Needham!He is the "Father" of his Singaporean hero Samuel Tay, a man I really would like to encounter in my real live!He is a gentleman of the old school, a detective who honours his badge, respected by everyone - the Chief of Police, his subordinates, and even by his ex-Lover (a fact, that is very, but very very important for the reputation of a man!!)So, our hero Sam Tay finds himself in the Marriot Hotel in a room with a woman bestially beaten to death and "presented" in a more than obscene pose that I would never be able to describe...Buy the book, if You want to know more...More, yes - more... Because the same thing happens to a woman in Pattaya, a very notorious locality near Bangkok.Same cause of death, but much more important to the Americans, who yet wanted to cover up the Singapore killing as a Terroristic act.The Pattaya woman was politically obviously much more important than the first, murdered in Singapore. So the CIA, FBI and what other abbreviations You want, are all sniffing around.A culprit - a Thai-muslim terrorist, fitting the profile perfectly, is soon found and - logically executed when he wants to get away. But there is a very sad "collateral victim", too.But Sam Tay has yet made the acquaintance of one John August.And he will see, that sometimes the law protects the culprit.And sometimes there is the need of someone who is very, but very very good in bending the law to make justice.This is the first book Jake Needham has written about Sam Tay.Please, write an other, Jake!!In the meantime - for the lovers of Oriental Crime:These are the other books Jake has written about his other, Bangkok based ex-pathero Jack Shepherd:The Big MangoLaundry Man, (Attention! Came out early as Tea Money, too!!)Killing Platoand the new one, for now only in e-book A WORLD OF TROUBLE (A Jack Shepherd crime thriller).But also there is a printed version too coming out in about 2 months.I - for what it may count - like the way Jake writes.I suppose that buying all his books and continue reading them, says enough...:))And maybe my 5 Star Rating, too...PS: "Majulah Singapura" is the National Antheme of Singapore and means "Forward, Singapore" ... :)0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein Singapur-KrimiVon Klio2013Der Roman hat Reiseerinnerungen geweckt. Auch der Ermittler hat mir sehr gut gefallen. Langjhrige Berufserfahrung haben ihn nicht abstumpfen lassen. Noch immer kann er keine Leiche sehen. Obwohl etwas verschoben bis weltfremd, ist er mit seiner ruhigen Art den Bsen dieser Welt gewachsen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Good storyVon R.Lionheartmbut a little slow and the "hero" can be a little frustrating at times. Other than that a good read of a book unusually set in Singapore. (In this case also partly in Thailand).

KurzbeschreibungTHE AMBASSADORS WIFE is another terrific book from a terrific writer. In the genre of crime fiction set in Asia, Jake Needham is in a class of his own. The Bangkok Post The first body is in Singapore, on a bed in an empty suite in the Marriott Hotel. The second is in Bangkok, in a seedy apartment close to the American embassy. Both women. Both Americans. Both beaten viciously, shot in the head, stripped naked, and lewdly displayed. The FBI says its terrorism, but the whispers on the street tell a different story. They say a serial killer is stalking American women across Asia. Inspector Samuel Tay of Singapore CID is something of a reluctant policeman. Hes a little overweight, a little lonely, a little cranky, and he smokes way too much. Thinking back, he cant even remember why he became a detective in the first place. He thinks a lot about quitting, but he hasnt. Because the thing is, hes very, very good at what he does. When the bodies of American women start turning up, CID gives the case to Tay. Its high profile, and hes the best they have. Then why is it, Tay soon begins to wonder, that nobody seems to want him to find the womens killer? Not the FBI, not the American ambassador, not even his bosses at CID. When international politics takes over a murder case, the truth is always the next victim.KurzbeschreibungTHE AMBASSADORS WIFE is another terrific book from a terrific writer.
