Von Anthony Trollope : The American Senator (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Senator (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich.
Excellent introduction to Trollope Von Ein Kunde I've read several books by Trollope and enjoyed this one very much. It includes most of the standard Trollope elements: two people who are in love with each other, but too shy to say so; a fortune-hunting woman and the men she's after; members of the clergy; a bit of Parliament; family life in England in

the 1870s; fox hunting; and satire of life in both England and the United States. The characters are extremely well drawn. Although the writing is "old fashioned," the emotions and situations are up-to-date. There is humor, pathos and excellent description.

Kurzbeschreibung In mid-19th century England, an era full of celebrated novelists, Anthony Trollope was one of the most popular and critically acclaimed of them all. Even today, his Chronicles of Barssetshire series is widely read, as are his other novels, many of which deal with criticisms of English culture at the time, from its politics to its customs and norms. Synopsis Unflagging in his pursuit of material for a lecture on the irrationality of the English, the Senator tramples roughshod over the feelings of his host and of much of the population of Dillsborough. Equally energetically, the increasingly desperate Arabella Trefoil pursues her prey to the altar.
