Von Robert Ludlum : The Aquitaine Progression: A Novel before purchasing it in order to gage whether or not it

would be worth my time, and all praised *The Aquitaine Progression: A Novel*:

**Kundenrezensionen**Hilfreichste Kundenrezensionen8 von 8 Kunden fanden die folgende Rezension hilfreich. A thriller classic! Von Mr N Forbes-warren Lawyer Joel Converse is a wanted man all across Europe . . . after witnessing an old friend being brutally gunned down in Geneva, he stumbles upon a terrifying conspiracy called AQUITAINE. This, according to the narrative, is a power wielded by fanatical military generals dating back to World War 2 who are hell bent on creating a new world order through triggering destabilisation and anarchy, then instant reform into a police state. Hang on . . . didn't this form the plot in part for Eric L Harry's PROTECT AND DEFEND, which came over 14 years later than AQUITAINE! Still, even now, AQUITAINE is a breathtaking and realistic page-turner suitable for those long haul flights to your vacation! As Converse becomes the victim of a monumental frame-up, the trail leads to Germany and Holland where soldiers of Aquitaine are watching every step he takes. Will Converse succeed, and just who in the world can he trust? Not the authorities, and not Aquitaine, so he must resort to desperate measures. Although this novel is well over 800 pages long, it will hold your attention from beginning until the end with first-rate action, suspense, well-researched European locations, and of course, many unexpected twists and turns along the way which add to the interest. Highly recommended and hard to fault.2 von 2 Kunden fanden die folgende Rezension hilfreich. Chilling in how plausible the story is. Von John K. Reed It's been close to 20 years since I read *The Aquitaine Progression* but since i've been thinking about it recently I thought I should chime in and state that I think this is one of the best spy/political thrillers ever. What struck me while I was reading it is just how logical the literary explanations offered by Mr. Ludlum were in regard to the current events of that time. Even more unsettling was the idea that maybe there was some truth in this work of fiction. All I can say is that it's a page turner and thriller of the first order.2 von 2 Kunden fanden die folgende Rezension hilfreich. Slow Progress Von allie While reading the first part of the novel i kept asking myself "ok, when are things going to happen?". The book started almost boring but in the second part things were speeding up. I could not put it down. Suspense was building till the end. I liked the Bourne Trilogy better, because there it was pure action from the beginning to the end while for the *Aquitaine Progression* you need a lot of patience-at first..and then good nerves.

**Kurzbeschreibung**In Geneva, American lawyer Joel Converse meets a man he hasn't seen in twenty years, a covert operative who dies violently at his feet, whispering words that hand Converse a staggering legacy of death: The generals . . . they're back . . . Aquitaine! Suddenly Converse is running for his life, alone with the world's most shattering secret. Pursued by anonymous executioners to the dark corners of Europe, he is forced to play a game of survival by blood rules he thought he'd long left behind. One by one, he traces each thread of a lethal progression to the heart of every major government, a network of coordinated global violence that no one believes possible no one but Converse and the woman he once loved and lost, the only two people on earth who can wrest the world from the iron grasp of Aquitaine. Praise for Robert Ludlum and *The Aquitaine Progression* You won't be able to put it down. (Don't ever begin a Ludlum novel if you have to go to work the next day). Chicago Sun-Times Ludlum at his best. Publishers Weekly BONUS: This edition includes an excerpt from Robert Ludlum's *The Bourne Identity*. Pressestimmen Praise for Robert Ludlum and *The Aquitaine Progression* You won't be able to put it down. (Don't ever begin a Ludlum novel if you have to go to work the next day). Chicago Sun-Times Ludlum at his best. Publishers Weekly Werbetext A shattering secret...and a chilling game of survival...A terrifying international thriller from the No. 1 bestselling author.
