Von Drew Chapman : The Ascendant: A Garrett Reilly Thriller before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ascendant: A Garrett Reilly Thriller:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Toller Thriller!Von MarkusEin toller Thriller, den man schnell gelesen hat! Ohne zu viel zu verraten, stellt das Buch sehr

interessant dar, wie ein möglicher Krieg ganz ohne Armeen aussehen könnte. Besonders positiv ist mir aufgefallen, dass es zwischen den Hauptakteuren kein eindeutiges Schwarz und Weiß gibt (Die guten Amerikaner gegen die bösen anderen...). Vom Detailgrad kommt das Buch nicht ganz an andere Romane wie bspw. Blackout heran. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant brilliant brilliant yarn. Cant wait to read more Garrett Reilly stories! Von David Turnbull Brilliant brilliant brilliant yarn. Cant wait to read more Garrett Reilly stories.....I had just finished Neale Stephenson's Reamde and this was the perfect book to follow on from it.

Kurzbeschreibung Warfare goes digital in movie and TV writer Drew Chapman's fast-moving debut, a high-stakes thriller that pits the online might of China against that of the United States (Publishers Weekly) as reluctant patriot Garrett Reilly races around the globe to avert total war. Numbers don't lie Not according to Garrett Reilly who, just two weeks past his twenty-sixth birthday, thinks he's probably the best bond analyst at his brokerage, maybe the best in all of lower Manhattan. Garrett's memory for numbers is photographic. But he doesn't just memorize numbers: he sorts them, ranks them, senses patterns. As he watches buy and sell numbers float across his computer monitor, Garrett notices what nobody else can: that US Treasury bonds are being sold off at an alarming rate. Two hundred billion dollars worth. It's a discovery that Garrett knows will make him stinking rich. But then the US military arrives at his office and Garrett's life is thrown into free fall. Captain Alexis Truffant explains that Garrett has stumbled on something bigger and scarier than he could have ever imagined: the first attack in a covert war of unthinkable proportions. Garrett begins to link a series of seemingly unrelated and very dangerous events that start in New York, but continue to Las Vegas, Oregon, and all lead back to rural China. Suddenly, Garrett is the only one left standing between an unknown enemy and the very security of our country. The only problem? Numbers don't lie but sometimes governments do. The Hunt for Red October meets Hackers Ascendant is a must-read for international thriller fans (Booklist, starred review). This is a wild ride through the headlines of our times (Kirkus s). Pressestimmen Like his intriguing protagonist Garrett Reilly, author Drew Chapman possesses startling skills and this first novel just blows the doors off. The Ascendant is a rollicking, globe-hopping, timely and prescient page-turner A Twenty-First Century thriller that once begun refuses to yield or loosen its grip on the reader. A stunning debut. C.J. Box, New York Times bestselling author of Breaking Point Political thriller? International thriller? Financial thriller? Whatever you call it, The Ascendant is smart, edgy, fast-paced storytelling at its best. Its unlikely hero, Garrett Reilly, reminded me of a young Jack Reacher as a tech-savvy bond analyst. Drew Chapman is a debut novelist to watch. Alafair Burke, bestselling author of If You Were Here From its first page, The Ascendant pulls you into a compellingly suspenseful story, and delivers it at a break-neck pace. Drew Chapman demonstrates the assured hand of an author on his twentieth novel, not his first. I couldn't put it down! Alex Grecian, New York Times bestselling author of The Yard "Fans of Homeland and 24 will love The Ascendant a rocket of a thriller that's fresh and cool and totally real." Joseph Finder, New York Times bestselling author of Paranoia and Buried Secrets "Chapman's novel is The Hunt for Red October meets Hackers...a must-read for international-thriller fans." Booklist (starred review) "Chapman writes one great thriller, pulling together parallel storylines and levels of mystery. This is a wild ride through the headlines of our times." Kirkus There is a genuine thrill for readers when a debut novel hits a perfect bullseye a new and fascinating spy/action thriller with all the suspense of a battle as exciting as a World War II tale but done through the weapons of laptops and smartphones by a motley crew of highly talented misfits. Lincoln Star Journal Reilly's reluctance to help fight off these attacks adds to the edginess of this page-turner that seems frighteningly realistic as Chapman uncovers new parameters for how war might be waged in our brave new world. American Way Magazine "Drew Chapman has created a twenty-first century superhero in The Ascendant. A must-read for the internet cognoscenti, it updates the thriller to groundbreaking territory. Garrett Reilly is a genius who can think, process, and react faster than everyone else ever has. And he has to because the country's welfare hangs in the balance. The Ascendant is an intense and relevant thriller; you'll feel like you're reading tomorrow's headlines today." Howard Gordon, executive producer of 24 and Homeland Chapman has created an unlikely, offbeat hero who is easy to root for. Publishers Weekly Kurzbeschreibung Warfare goes digital in movie and TV writer Drew Chapman's fast-moving debut, a high-stakes thriller that pits the online might of China against that of the United States (Publishers Weekly) as reluctant patriot Garrett Reilly races around the globe to avert total war.
