Seth concepts made more understandableVon Another Reader of SethAn entertaining book that helps bring the concepts of the Seth books to an understandable level. Especially useful is the presentation of reincarnation within the concept of no such thing as time - past present and future are really all one - NOW. It tells the story of Oversoul Seven, an advanced entity as he learns his lessons on his way to becoming Oversoul Eight. As an oversoul, he has three personalities, (or people, entities, or whatever) to watch over and help out as they learn THEIR lessons of life and truth. Oversoul Seven has his own teacher, Cyprus, who keeps him on track when he wanders, or gets confused. All in all, an entertaining book, that still has the philosophy of Seth without being as dry.7 von 7 Kunden fanden die folgende Rezension hilfreich. Basically a Must for people who know other Seth BooksVon Markus SchmidtThis book puts the Seth material alive. It deals in a very lively way with Seth's way of reincarnation, dreams and how you put challenges in front of yourself to expand your view. It's probably only half as valuable if you never read any of the Seth/J.Roberts books, but if you know "Seth Speaks" and maybe "Nature of Personal Reality" the trilogy will add color to many of the concepts found there.
