Von Agatha Christie : The Pale Horse (Agatha Christie Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pale Horse (Agatha Christie Collection):

KundenrezensionenHilfreichste Kundenrezensionen4 von 5 Kunden fanden die folgende Rezension hilfreich. An exceptional detective novel of unusual depthVon Ein KundeThe previous review entirely misses the point. This is

certainly not a typical Christie novel, and even expert whodunit readers are unlikely to guess the solution. Instead it weaves a complex web involving apparently unrelated deaths which appear to occur naturally yet very conveniently for certain parties. Certain parties who make use of providers of allegedly occult/supernatural forces. This Christie is also unique in that there are at least 3 reported instances around the world of people, having read the book, adopting the murder method used in Pale Horse in real life. Given the difficulties of detection there may be many more who got away with it. If you like the idea of a detective novel which requires an above-average i.q. you'll enjoy this book.2 von 3 Kunden fanden die folgende Rezension hilfreich. Not her bestVon Wild LeopardA dying woman calls for a priest and confides in him something about "wickedness". Did she only wish to confess her sins, or was there something more sinister behind it? Probably the latter, for the priest is murdered on his way home, and his clothes are torn in search of something. Have the three ladies of The Pale Horse, who are said to perform magic, anything to do with it? Mark Easterbrook is determined to find out, but what he discovers seems - fantastic...Although this is not a bad book, Christie wrote better ones. The middle part of it is rather dull because nothing really happens there. The number of suspects is also very small, and the solution therefore not too difficult to guess. An interesting point is that Mrs Oliver appears in the book, though not in her usual role of doing amateur investigations. We also get to see two people from another Poirot novel - I won't say which because it would ruin the Poirot novel for you.On the whole, I don't like this book too much. If you haven't read many Christie novels yet, try another one.2 von 3 Kunden fanden die folgende Rezension hilfreich. One of the BestVon Ein KundeThis was the 5th or 6th book by Agatha Christie I read but it has always been my favorite. I read this book about 6 years ago in 5th grade and for some reason I think it is one of her most ingenious plots. I agree with the reader from the UK, it is not typical to Ms. Christie's style. I have read almost all of her books as of now but I always tell people to read The Pale Horse first when they are just starting to read Christie.

KurzbeschreibungA priest's death leads to sinister goings-on in an old country pubTo understand the strange goings on at The Pale Horse Inn, Mark Easterbrook knew he had to begin at the beginning. But where exactly was the beginning?Was it the savage blow to the back of Father Gorman's head? Or was it when the priest's assailant searched him so roughly he tore the clergyman's cassock? Or could it have been the priest's visit, just minutes before, to a woman on her death bed?Or was there a deeper significance to the violent squabble which Mark Easterbrook had himself witnessed earlier?Wherever the beginning lies, Mark and his sidekick, Ginger Corrigan, may soon have cause to wish they'd never found itPressestimmen'Wholesale murder by black magic!highly ingenious, wholly enjoyable.' Evening Standard 'The story holds unflaggingly, and holds with a grip which is gentle as well as firm.' Times Literary Supplement 'This is the formal detective story in all its glory.' New York TimesPressestimmen'Wholesale murder by black magic!highly ingenious, wholly enjoyable.' Evening Standard 'The acknowledged queen of detective fiction' Observer
