KurzbeschreibungDuty, honour, loyalty. What meaning did those words still hold in the midst of a stalemated interstellar war where the difference between the enemy and ones own leadership was sometimes paper thin? Unfairly relegated to punishment duty far from the battle lines and still pursued by her past, Siobhan Dunmoore was ordered to sail her ship deep into pirate-infested space on a quest to restore the Navys reputation after she failed to stop an attack that destroyed a civilian freighter. There, she hoped to find clues that might absolve the crew of the Stingray from blame but instead, she was sucked into a vortex of intrigue and treachery that threatened not only all of their lives, but the future of the embattled Commonwealth. In the midst of competing schemes for supremacy, fending off marauders, mercenaries and spies, Dunmoore had to find a way to get her people home safe and beyond the reach of powerful cabals that had burrowed their way deep into the heart of the Admiralty. If her ship was to survive, she had to find the path of duty, no matter the personal cost, even if the price she had to pay was her own existence. The Path of Duty is the thrilling sequel to No Honor in Death and brings back the men and women serving aboard the Commonwealth Navy frigate Stingray.

ber den Autor und weitere MitwirkendeEric Thomson is the pen name of a retired Canadian soldier with thirty-one years of service, both in the Regular Army and the Army Reserve. He spent his Regular Army career in the Infantry and his Reserve service in the Armoured Corps. He currently works as an Information Technology specialist. Eric has been a voracious reader of science-fiction, military fiction and history all his life. He assiduously devoured the recommended Army reading list in his younger days and still occasionally returns to the classics for inspiration. Several years ago, he put fingers to keyboard and started writing his own military sci-fi, with a definite space opera slant, using many of his own experiences as a soldier as an inspiration for his stories and characters. When he's not at his day job or writing fiction, Eric indulges in his other passions: photography, hiking and scuba diving, all of which he's shared with his wife, who likes to call herself his #1 fan, for more than thirty years.
